Dear Paul:

I felt greatly humbled by last week's events and more honored than I can say to have you head the "Citizens for Reagan Committee". I only pray to be worthy of your confidence. May none of my actions ever cause you to regret your decision to put your reputation on the line for me.

With deepest appreciation and warm regards.

Sincerely,

RONALD REAGAN

we've been together in N.C. That was  
a heart warming reception & something to  
remember. I'm grateful to you for being there.*
