

Fran Langhof - for Louky

Points to be stressed.

Record:

Compiled one of the most outstanding records in American governmental history.

Took on the most populous state which was in deep financial difficulty and converted it into one that is fiscally sound.

Deficits were running a million dollars a day. Through ^{thorough} fiscal reforms, ~~the~~ the economic situation was turned around to the point where during his 8 years in office there were three large tax refunds to California taxpayers.

In addition, he left a surplus of 500 million dollars.

With the largest increasing welfare loads in country, through reforms ended up 8 years with ~~a~~ few people on welfare than when he went in.

~~Had~~ Also managed with a "hold the line" employment policy to maintain substantially same work force as when he took office.

United States Senate

COMMITTEE ON FINANCE

But evidence of Record - "Jerry Brown" is trying to "out Reagan for Reagan."

Campaign will not be divisive. ~~Reputation~~ Reagan has never been divisive candidate. Nor has Ford.

Campaign should be helped to stimulate interest in Republican Party. With its present low ratings additional spirit is needed.
