Dearest Maya,

Although this particular "thank you" is a little slow in coming, our gratitude is constant. We have received your contribution of 200 shares of Louisiana Land and Exploration stock having a value of approximately \$4,800.

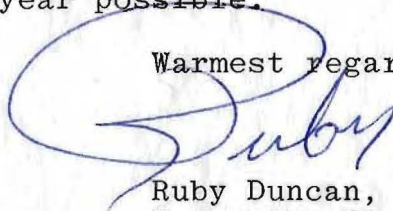

Your vital support through the years has kept our organization alive during the leanest times. Your confidence in us has been a source of great encouragement; your personal efforts with us and in our behalf continue to keep us strong.

We were so happy to have you and Kit visit us last week. Since you have shared so closely in our struggles, it is especially good to have the chance to share our successes. Most importantly, though, we cherish the opportunity to share our love and appreciation.

As you know, your stock contribution is tax deductible as Operation Life is a 501(c)(3) corporation.

Have the best new year possible.

Warmest regards,

Ruby Duncan,  
Executive Director
