Dear Maya:

How can I thank you? Again you have helped us to accomplish the impossible!

I couldn't ask for more -- in a friend and board chairperson -- than you give. You help me, and all of us, to muster up the courage, and to round up the money, to dare to make our greatest dreams come true.

I understand that you all walked the ground and kicked the earth on the land, with Victor and Dr. Brazier along too. I hope you got a good feeling for the importance and the challenge of our investment.

I thank you and I love you, for sticking close, sharing all our worries along with our joys, helping Operation Life to make things happen for our women and children.

All my love,

Ruby Duncan,
Executive Director
