**Special Assistant to
 President and Board**

Miss Dixie Drake

Mrs. Richard G. Miller
 Washoe Pines Ranch
 Box 621, R.D. 1
 Carson City, Nevada 89701

Dear Maya,

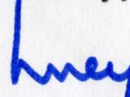

I have postponed responding to your letter of resignation for this long period of time both to await the action of the Board and because I regret so deeply the necessity of this correspondence.

The Board of Directors of the League of Women Voters of the United States accepted your resignation with regret at its meetings during the week of May 24. It seemed to us particularly sad to have you leave the national Board of the League and the Trustees of the Education Fund at this time when so much of the hard work and persistent attention to human beings which you have expended is really beginning to produce results. Of course we have a very long way to go yet, but I think we all feel that your contribution to the progress we have made has been of great importance.

As you have no doubt heard, I will be in Nevada next week, Wednesday through mid-Friday morning, meeting with the state Board and the Boards and the members of both the Las Vegas Valley and Reno-Sparks-Carson Leagues. I'm not sure what my schedule is, but I will call you sometime while I am there. I do want to talk with you about what's going on in welfare.

The Board joins me in sending best wishes.

Sincerely,

Mrs. Bruce B. Benson
 President
