Dear Maya,

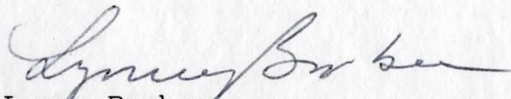

Thank you for your generous donation of \$15,000 for the construction of the Casa de la Paz (Peace House) in Puerto Cabezas, Nicaragua. The Peace House project grew out of the Thanksgiving Peace Ship delegation to Nicaragua at the end of November. Some information on the Peace Ship/Peace House project is enclosed.

The New York-Nicaragua Construction Brigade is coordinating the twenty-member Peace House brigade which will leave on March 10. The brigade consists of people from all over the U.S. who have decided that it is important to devote one month of their lives and a lot of hard work to this symbol to cooperation between the peoples of the U.S. and Nicaragua. This project will stand as visible proof that the Reagan Administration does not represent the true opinions and desires of the North American public. We are happy that you decided to join us and become a part of this historic project. Thanks again for your help.

Sincerely,

Tom Hansen
