Diabetes lecture at Elko Senior Center

ELKO--A University of Nevada, Reno senior nutrition student will discuss diabetes with senior citizens, 1 p.m., Friday, April 20 at the Elko Senior Center, 1401 Ruby View Drive. The lecture is open to the public.

Trish Freedman's lecture is coordinated by Nevada Area Health Education Centers, a program which works in partnership with the University of Nevada School of Medicine to provide educational opportunities for health professions students in rural Nevada.

This will be Freedman's second visit to Elko. Earlier this year she and another senior nutrition student spent several days working at the senior center and visiting homebound seniors to assess their nutritional needs.
