

Dr. Jerry R. May assumes new responsibilities

Lynne D. Williams, medical school information
July 29, 1991

FOR IMMEDIATE RELEASE

Jerry R. May, Ph.D., associate dean for admissions at the University of Nevada School of Medicine, will assume new responsibilities as the associate dean for students affairs, effective July 1. Dr. May's long association with the school's Office of Admissions, and his interest in students, makes this new merger of the two positions a natural progression.
