FOR IMMEDIATE RELEASE

Cyril M. Worby, M.D., professor of psychiatry and behavioral sciences at the University of Nevada School of Medicine, has been appointed by Governor Bob Miller to a four-year term on the state's Commission on Mental Health and Mental Retardation. This commission, which is the policy setting body for the Division of Mental Health and Mental Hygiene, is responsible for creating a plan to coordinate services for the treatment of the mentally ill and to provide continuity in the care and treatment provided.
