11) FIRST AID

:60 PSA

STATISTICS INDICATE THAT TWICE IN YOUR LIFETIME, YOU
MAY BE A BYSTANDER WHILE SOMEONE HAS A
LIFE-THREATENING EMERGENCY. TO HELP SAVE LIVES,
LEARN FIRST AID SAYS DR. JOHN BATDORF OF THE
UNIVERSITY OF NEVADA SCHOOL OF MEDICINE:

.20 "Everybody thinks nothing is going to happen to
him...should get educated...in our
primitive and varied and exciting state...it's
a very necessary thing to do."

BUT WHAT SHOULD YOU DO IF YOU DON'T KNOW FIRST AID?

.15 "Go get help if you don't know what to
do...learn how to get into emergency
services."

KNOWLEDGE OF EMERGENCY PROCEDURES MAY HELP YOU SAVE
LIVES. DR. BATDORF URGES EVERYONE TO GET EMERGENCY
TRAINING. THIS IS "HEALTHLINE" FROM THE UNIVERSITY
OF NEVADA SCHOOL OF MEDICINE.
