FOR THE GOOD HEALTH OF NEVADA

---

Press conference postponed

Lynne Williams, medical school information  
September 14, 1998

### PRESS ADVISORY – IMMEDIATE

Due to scheduling conflicts with Landra Reid's office, the press conference, scheduled for **Monday, September 21, 1998 at 11 a.m.**, at the University of Nevada School of Medicine, has been postponed until **Friday, October 23 at 2 p.m. in the Savitt Atrium.**

The press conference has been arranged to make an announcement about the Women's Health Initiative. Landra Reid, wife of U.S. Senator Harry Reid, who has actively supported women's issues in Nevada, will take part in the press conference.

In 1995, Dr. Sandra Daugherty, professor of family and community medicine, was awarded \$8.5 million by the National Institutes of Health to take part in a nationwide study of women's health issues. The study, the first to be undertaken by the Landra Reid Center for Women's Health Studies, is examining the risk factors involved in heart disease, breast cancer and osteoporosis in older women.

For further information, please call Lynne Williams, 784-8059.
