INTRODUCTION

R. L. POLK & CO., publishers of the Reno City Directory, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this, the 1930-31 edition of the Reno Directory, which also includes directories of Sparks, Carson City and Washoe County, together with a directory of the rural free delivery box holders on routes which are pivotal from the Reno Post Office.

Confidence in the continued growth of Reno's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Reno and Washoe County to the world.

The enviable place occupied by R. L. POLK & CO.'s directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Reno Directory will fulfill its mission as a source of authentic information pertaining to the community.

Population

The estimated population of Reno is 19,000, based on the number of individuals' names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory. The population of Sparks is estimated at 4,500 and of Carson City at 1,500.

Seven Major Departments

The several essential departments are arranged in the following order:

THE BUYERS' GUIDE, pages 19 to 74, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Reno and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like the Reno district, the necessity of having this kind of information immediately available, is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Reno is included in pages 75 to 288. A similar list for Sparks is contained in pages 361 to 402, and for Carson City, pages 417 to 432.

THE DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES, AND STREET AND AVENUE GUIDE for Reno covers pages 289 to 360. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. Home property ownership is indicated by the character "o", placed immediately after the name of the householder. A similar guide for Sparks is contained in pages 403 to 416.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 441 to 542. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doing of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE WASHOE COUNTY DIRECTORY, including the small towns of the county, arranged in alphabetical order, covers pages 433 to 440.

THE RURAL ROUTES DIRECTORY, pages 543 to 548, includes the box holders on the rural routes served by the Reno Post Office.

THE NUMERICAL TELEPHONE DIRECTORY for Reno and Sparks is given in pages 549 to 594.

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Reno and vicinity, for business men, everywhere, realize that the city directory represents a community as it really is.

The Reno Directory Library

Through the courtesy of the publishers of the Reno City Directory, a Directory Library is maintained in the offices of the Reno Chamber of Commerce, for free reference by the general public. This is one of the 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

Nevada's Famous Metropolis.

Reno is the judicial seat of Washoe County, which, according to the 1930 census has a population of 27,122 people, and is the metropolis of the State of Nevada. The city is situated on the banks of the Truckee River, on the eastern slope of the Sierra Nevada mountains, at an elevation of 4,500 feet above sea level. San Francisco is 244 miles to the west, Salt Lake City 576 miles to the east and Los Angeles 496 miles south. The Southern Pacific Company, the Western Pacific and the Virginia & Truckee Railroads give daily service to and from Reno. Carson City, the capital of the State of Nevada, is 30 miles to the south, and a few miles to the east is Virginia City, the home of the famous Comstock Lode.

Reno was settled in 1858 by eastern emigrants who had started to California, but seeing the fertile lands of the Truckee meadows, with the high Sierra Nevada mountains between them and California, settled in the seclusion of the valley. In 1869 it was incorporated and in 1901 chartered as a city.

The chief industrial establishments of Reno are two packing houses, an electric power plant, pressed brick works, flour mills, several lumber mills, a soap factory, an ice cream factory, manufacturers of creamery products and a number of smaller enterprises. The city is in a farming and stock raising region, is the center of the shipping in and out of the state, and is an important point for a vast territory covering Northern California and the greater part of Nevada.

Reno is growing in importance as a highway diversion point, being located on two transcontinental routes (US 40 and US 50) both improved for over 400 miles between the California and Utah state lines in Nevada. Other important improved highways reaching points in Nevada and California north and south of Reno connect with the transcontinental routes at this point.

The University of Nevada, which ranks high among the colleges of the United States, is located in this city.

The population of Reno was 18,494 according to the Federal Census of 1930, which included only the residents within the corporate limits. This represents an increase of 53.9 per cent over the 1920 population.

The civic government is vested in a mayor and a city council of six members, all of whom are elected by the people.

The principal public buildings are a government building, eight churches, the Nevada State Hospital for Mental Diseases, educational buildings at the State University, the Washoe County Library Building, State Agricultural College and Experimental Station, Normal School, County buildings, City Administration Building, nine public schools and two kindergartens, social clubs and fraternal society buildings, and four banks.

THE RECREATIONAL CENTER OF AMERICA

Reno is a live, enterprising city with all modern improvements, consisting of gas, water, electric and power facilities, modern telephone and telegraph communication, hospitals, Y. M. C. A., Y. W. C. A., theatres, good hotels and restaurants.

Twenty miles to the west is Lake Tahoe, the gem lake of the continent.

Thirty miles to the east is Pyramid Lake, a picturesque lake situated on an Indian Reservation.

Two hours' drive to the Feather River country, situated in the big pines of California.

One day's drive to Yosemite National Park over the far-famed Tioga Pass.

Within a few miles of Reno are Bowers Mansion, Lawton Springs, Moana Springs, Reno and Steamboat Springs where there is bathing the year round, due to hot water springs of volcanic origin.

Reno is the city with the most enjoyable climate in the world, where the sun shines every day in the year and sickness is banished.

Reno is the biggest little city on the map.

The Reno Chamber of Commerce.

The Reno Chamber of Commerce is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the city and had its inception in a desire to promote growth in home building, in manufacturing industries, in civic improvement and in commercial importance.

NEVADA STATE JOURNAL

RENO, NEVADA

J. G. SCRUGHAM, Publisher

The Nevada State Journal is the only newspaper in
Nevada that is printed every day

The Nevada State Journal is the only morning daily
between Salt Lake City and Sacramento

AN EXCLUSIVE FIELD

The Journal has an exclusive field and it covers this field which extends to all points of Northern, Central and Eastern Nevada as well as North-Eastern California and Southern Oregon.

Unequaled in its Newsgathering facilities.

Full Associated Press Service by leased wire.

Correspondents in all parts of Nevada and North-Eastern California.

Special mining correspondents in all Nevada mining camps.

Large crops of experienced news writers on its local staff.

Special Bureau at the State Capitol.

NEWSPAPERS

Americans Prefer

Evening Newspapers

This Preference is Most Emphatic

It is reflected in the number of Reno and Nevada homes that subscribe for and read the

Reno Evening Gazette

Two classes have expressed this preference:

- 1. Those who read newspapers, and**
- 2. Those who advertise in newspapers**

The preference expressed by those who read is an infallible guide for those who advertise—

The Gazette has the largest circulation in the city of Reno and in the state of Nevada.

It is the choice of advertisers, carrying more national and local advertising than any other newspaper in the state.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

THE CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

POLK'S
RENO
Directory of Householders
Occupants of Office Buildings & Other Business Places
INCLUDING A COMPLETE
Street and Avenue Guide
1930-31

Copyright, 1930, by R. L. POLK & CO. of California

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical streets follow the alphabetical streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Sparks, population 4500, is four miles east of Reno, the County Seat. It is at the foot of the headgates of the Spanish Springs Reservoir, one of the greatest reclamation projects in the west.

This city is the home of the Southern Pacific Railway Shops, which employ 1000 men, and is the terminal of the Sacramento and of the Salt Lake divisions. The railroad payroll here is over \$2,500,000.00 annually, besides which the city is the center of a prosperous farming community, bringing many more thousands of dollars to Sparks, and the Pacific Fruit Express has a half million dollar ice plant here.

Sparks is well paved, has modern fire equipment, five up-to-date public schools and churches representing nearly all denominations.

Many live business organizations cater to the needs of the residents.

SPARKS HOUSEHOLDERS' DIRECTORY (1930-31)

403

**POLK'S
SPARKS**
Directory of Householders
Occupants of Office Buildings & Other Business Places
Including a Complete
Street and Avenue Guide
1930-31

Copyright, 1930, by R. L. POLK & CO. of California

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets follow the Alphabetical Streets.
The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

IN LINE with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to makeup, compilation and classified business headings which will simplify and facilitate their use.

CARSON CITY

Capital of Nevada and county seat of Ormsby County, on the Virginia & Truckee Railway, 31 miles south of Reno. Population 1500. Splendid school system, five churches of as many denominations, a daily newspaper, bank and express office. Seat of Federal Court for district of Nevada. Carson City is the gateway to Lake Tahoe over the Osterman Grade (15 miles) and the Yosemite Valley (205 miles) via the famed Tioga Pass. It is the center of inter-mountain tourist travel and a fine free municipal camp ground with all conveniences has been provided for use of automobile tourists. Good hotel accommodations may be had and close to the city are wonderful hot medicinal springs and bathing resorts. Extensive improvements have been made and are under way. New court house and Memorial building occupy the two blocks opposite the Capitol, making a splendid civic center. Carson City is essentially a city of homes, with its fine location, good water and healthful conditions, but opportunities are open for investment and development. An irrigation plan is being seriously considered and recent mining developments in the hills surrounding the city give promise of the opening of several mines of merit. Carson City is regarded as one of the most progressive cities in the state and is making rapid strides in improvement. The Greater Carson Club performs the functions of a commercial club, and invites correspondence with people interested in the city or the wonderful section surrounding it. The Nevada State Prison, with interesting prehistoric footprints in its rock floors, the leading Indian basket industry in the West, railroad shops, creamery, magnificent state library, Stewart Indian Institute close at hand, Lake Tahoe at its back door, and good roads leading to every point of the compass are a few of the factors that contribute to the building of the city.

This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.
