Truckee River Power Company

Supplies over 15,000 Customers with Electric, Gas and Water Service.

ELECTRICITY is developed from five hydro-electric power plants situated on the Truckee River, having a rated capacity of 11,800 H. P. Transmission lines supply Reno, Sparks, Virginia City, Carson City, Minden, Yerington, Nev. and Truckee, Calif. with power.

GAS is manufactured from crude oil and distributed to the cities of Reno and Sparks under high pressure. Large storage capacity insures adequate service at all times.

WATER pure and cold from the high Sierra Nevada Mountains is supplied to the cities of Reno and Sparks. Bacteriological examinations are made twice a week which insures and protects the consumer.

A Frank Word to Advertisers About Newspaper Circulation

The circulation reported by the Gazette is PAID circulation. Every paper mailed by the Gazette to its out-of-town subscribers is paid for in advance. Its circulation is not obtained by contests or premiums, but solely upon its merits as a newspaper.

The net paid circulation of the Reno Evening Gazette in the city of Reno is twice that of any other newspaper in this city.

Its net paid circulation in this territory (a radius of thirty-five miles from Reno) is twice that of any competing newspaper.

Its net paid circulation in the State of Nevada is 50 per cent greater than that of any other newspaper published in this state.

The Gazette is the only Nevada newspaper which reports its circulation upon a NET PAID subscriber basis. It is the only Nevada newspaper which reveals its circulation record, its cash books, its paper purchases, and everything pertaining to circulation accounting to advertisers.

Ninety per cent of the business transacted by ninety per cent of the advertising firms in Reno is drawn from the city of Reno, the city of Sparks, Carson City, Virginia City and the Truckee Meadows. This territory is COMPLETELY covered by the Gazette. Its circulation in this territory, which is your sales territory, is twice that of any competitor.

Nevada's Trans-Continental Highways Exposition—1926

“Expositions are timekeepers of progress”!

Thus in these memorable words the late President William McKinley typified the true meaning of commonwealth development.

Nevada is a state of mystery; a state replete with art, science, law, order and material prosperity; a marvelous accomplishment. Nevada is the one remaining area of the United States of America on this continent that can beckon to the seeker of opportunity; the lover of nature and builder of empires with a signal of welcome that assures him work to attain his purpose.

This is the land of the pioneer and the pathfinder.

How fitting that the dream of uniting the subways of New York City with the Ferry slips of the Pacific Tide Waters should with pomp and ceremony be celebrated here in 1926; celebrated here in Nevada, the “Battle Born State” who through the liberality of her coffers, released a flow of gold and silver into the purpose of unifying a divided nation; yea giving birth to a Union indivisible with liberty and justice for all.

Nevada's Transcontinental Highways Exposition will commemorate the splendid romance of our early life and foreshadow as coming events the mighty future which Nature has made inevitable for Nevada by its submission to the conquest of man; spanning its mountains and deserts with smooth wind-ind lanes of highways linking the east with the west the north with the south and opening tributaries throughout our great state where the golden wand of expansion will release wondrous possibilities for future wealth.

Nevada's exposition has been planned and will be staged as a reflection of the tourist, agricultural, mining and industrial progress of the entire West. In the hub of this National show Nevada will place the mirror from which future prosperity will shine.

Before the exposition idea was 30 days old Ralph McLaren, acting mayor of the city of San Francisco, Dr. B. M. Rastall, president of Californian Incorporated, Marshall Hale, one of the founders of the Panama-Pacific Exposition, Geo Radcliffe, representing the governor of California, various state engineers and chamber of commerce officials journeyed to Reno to aid in the building of the plans for the development of the celebration and to lend their enthusiastic endorsement thereto.

Official letters of endorsement and congratulation for the progress and enterprise of Nevada's citizens were received from the Governors of California, Oregon, Washington, Idaho, Montana, New Mexico, Arizona and Utah shortly following the first meeting of exposition organization.

Every man who appreciates the value of expansion and the opportunity of selling his state to the vast multitudes that are in America looking for such

opportunity will realize that with the completion of improved transcontinental highways and the improvement of highways tributary to the main arteries in Nevada in 1926, there will pass across this state a flow of tourist travel from the East alone, that will be unprecedented in the history of modern methods of transportation.

Premier John W. Oliver of Canada officially endorsed the exposition when told of its plans in his office in Victoria, B. C.

Lassen County not only has endorsed the exposition but arrangements are now being made for the construction of their building which will reflect the industries of their country. So much faith have they in the continued travel that will pass through Nevada in years following the exposition that the building will remain as a rest house for the Dalles-Reno-Carson-Mina-Tonopah-Goldfield-Beatty-Los Vegas-Los Angeles Highways Association.

Glowing letters of endorsement promising legislative action for state buildings and industrial exhibits have been received recently from the Governors of all neighboring states.

Official endorsements have been received from the following chambers of commerce in Washington, Oregon and California:

Washington:—Seattle, Bellingham, Auburn, Kent, Olympia, Tacoma, Mayor of Seattle, Washington Historical Society, Everett and Vancouver.

Oregon:—Portland, Salem, Albany, Corvallis, Ashland, Salem, Eugene, Medford, Roseburg.

California:—San Francisco, Sacramento, Oakland, Chico, Stockton and Fresno.

Endorsements have also been received from the National Auto Club, California Auto Club, Oregon State Motor Association and the A. A. A.

In Nevada official endorsements pledging support have been received from every labor council in Reno and from the Central Labor Board, the Brotherhood of Railway Trainmen and all civic organizations.

Idlewild Park in Reno is an ideal natural site on which to stage an exposition such as is planned by Nevada. This fact was not only testified to by visitors who were instrumental in the promotion and staging of other expositions, but every landscape engineer interviewed on the subject reported that its naturalness of formation and its many already installed beauties of nature made it not only ideal, but a site most economically arranged.

President James Buchanan said when the first highway was opened on the "Old National Road" from Washington D. C. to St. Louis:

"This is a glorious triumph for civilization and the Union."

In 1926 let it be said:

"NEVADA—YOUR EXPOSITION HAS MARKED A NEW ERA OF PROSPERITY FOR THE ENTIRE WEST; WHICH IN ITS CONCEPTION AND SUCCESSFUL ACCOMPLISHMENT IS A STRIKING REFLECTION OF YOUR WONDERFUL STATE."

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

INTRODUCTION

The volume herewith presented constitutes R. L. Polk & Co's. Reno City, Washoe County and Carson City Directory. The publishers have endeavored to produce a volume embodying all information that is vital concerning the civic, social and industrial life and activity of the several communities included in the publication. A careful enumeration of the citizens and business interests in those communities and a compilation of the same by trained employees, assures as correct and reliable a work of its character as is possible to be produced. The publishers have an organization solely devoted to the publication of directories, and their methods and resources are unrivalled. Their imprint on the hundreds of directories published for cities throughout the country attests the quality and reliability of their product. Directories are an essential and indispensable means of reference and an index to what is in a community. They portray it as it actually is and they are the only means whereby its various features can be learned by the general public throughout the country.

The several essential departments of the Directory are set forth in the order following:

THE BUYERS' GUIDE, pages 5 to 62, contains the advertisements of the leading and progressive business men and concerns in the cities and towns included in this volume, alphabetically arranged under headings adapted to the class of business conducted. This feature is printed on tinted paper.

THE MISCELLANEOUS DEPARTMENT, pages 79 to 82, includes data concerning state, city and county officials, Federal officials, public and private institutions, cemeteries, churches, courts, hospitals and homes, libraries, schools and colleges, clubs, associations, post-office data, secret and benevolent societies, etc.

THE STREET AND AVENUE GUIDE, for Reno, covers pages 83 to 87.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations in Reno is embraced in pages 89 to 342; a similar list for Sparks is contained in pages 363 to 407, and for Carson City in pages 433 to 458.

RURAL ROUTES FROM RENO POSTOFFICE—Pages 343 to 348 include alphabetically arranged lists of residents on rural routes served from Reno postoffice. A description of each route is given.

WASHOE COUNTY VILLAGES AND POSTOFFICES—Pages 349 to 416, contains a gazetteer of the postoffices, towns and villages in the county.

LAND OWNERS OF WASHOE COUNTY—Pages 417 to 432 contain an alphabetically arranged list of the land owners in Washoe county; following each name is given: number of acres owned, assessed valuation and post-office address.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 459 to 568, and shows the various manufacturing, mercantile and professional occupants in Reno, the villages in Washoe county and Carson City, compiled under headings appropriate to the class of business pursued. This department will be appreciated as a special trade directory. The Directory is the common intermediary between buyer and seller.

DIRECTORY LIBRARY

The publishers wish to call attention to the fact that they have established an up-to-date Directory library in connection with the Reno Chamber of Commerce for the free use of their patrons and they will appreciate a liberal use of these books.

MUNICIPAL PUBLICITY

Advertising Reno, Washoe County and Carson City

An important function of the Directory is to set forth the characteristics and advantages of a city as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers place copies of this issue of the Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves and their friends for this Directory, and also the public-spirited and progressive business and professional men for support given the publication in the way of patronage.

R. L. POLK & CO.

Compilers and Publishers.

RENO

Nevada's Famous Metropolis

Reno is the judicial seat of Washoe County and the metropolis of the State of Nevada. It is situated on the banks of the Truckee River, on the east base of the Sierra Nevada mountains, at an elevation of 4,500 feet. San Francisco is 244 miles to the west and Salt Lake 576 miles to the east. Southern Pacific, Western Pacific and the Virginia & Truckee railroads give daily service through Reno. Carson City, the capital of the State of Nevada, is 30 miles to the south, and a few miles to the east is Virginia City, the home of the famous Comstock mines. Reno was settled in 1858 by eastern emigrants who had started for California, but seeing the fertile lands of the Truckee meadows with the bleak Sierra Nevada mountains between them and California, settled in the seclusion of this valley. In 1869 it was incorporated and in 1901 chartered as a city. The chief industrial establishments are packing house, electric power plant, pressed brick works, two flour mills, soap factory and a number of smaller manufactories. It is in a farming and stock-raising region, and in the center of the shipping in and out of the state, and is an important point for a vast territory covering Northern California, and all of Nevada. It is the seat of the University of Nevada, which ranks high among the colleges of the United States. The population was 12,016, according to the Federal census of 1920, which only included the residents within the corporate limits. But Reno has enjoyed a substantial growth since that census was taken and the population is now estimated from a recent survey by the Public Service Corporations and its Chamber of Commerce to be over 16,000. The government is vested in a mayor and a city council of five members, all of whom are elected by the people. The principal public buildings are a government building, eight churches, the Nevada State Hospital for Mental Diseases, educational buildings at the State University, State Agricultural College and Experiment Station, Normal School, Carnegie Library, eight public schools and two kindergartens, social clubs, four banks, county buildings, and the Reno Chamber of Commerce. Reno is a live, enterprising city with all modern improvements, consisting of an electric street railway, gas, water, electric and power facilities, hospitals, Y. M. C. A., theatres, good hotels and restaurants. Twenty miles to the west is Lake Tahoe, the gem lake of the continent. Thirty miles to the east is Pyramid Lake, a picturesque lake situated on an Indian reservation. Two hours' drive to Feather River, situated in the Big Pines of California. One day's drive to Yosemite National Park. Bowers Springs and Steamboat Springs are within a few miles of Reno where there is bathing the year round, due to hot water springs of volcanic

origin. Reno is the city with the most enjoyable climate in the world, where the sun shines every day in the year and sickness is banished. Reno is the biggest little city on the map.

THE RENO CHAMBER OF COMMERCE

The Reno Chamber of Commerce is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the city and had its inception in a desire to promote their growth in home building, in manufacturing industries, in civic improvement and in commercial importance.

RENO ("THE BIGGEST LITTLE CITY IN THE WORLD").

Located in the Truckee Meadows in the center of a rich agricultural district.

UNIVERSITY OF NEVADA: Mackay School of Mines and Mackay Field Modern Public School system.

FOUR CITY PARKS: Powning Park, Civic band stand; Wingfield Park, Public Tennis Courts and children's playground.

Idlewilde Park, Artificial lake, boating and swimming in summer and ice skating in winter. The City is fostering winter sports in the form of ice skating. This park is the site for the Nevada Highways Exposition which will be held in Reno from June to October, inclusive, 1926. The park contains approximately 48 acres located on the south bank of the Truckee River.

Whittacre Park: Children's playground.

UNITED STATES AIR MAIL FIELD—1 mile south of Reno.

MOANA SPRINGS—Picnic grounds, bathing and dancing. 2 miles south of Reno over paved road.

GENERAL—Population about 16,000. The city is served by three railroads, being on the main line of the Southern Pacific Company, on a branch line of the Western Pacific Railroad and one of the termini of the Virginia & Truckee Railway. The Reno Traction Company an electric railway operating between Reno and Sparks (2½ miles east of Reno).

MANUFACTURERS—The following commodities are manufactured in Reno: Packinghouse products, brick, flour, soap, soap powders, cereal and other beverages, ice cream, lumber products, marble and granite products, cigars and crushed rock.

DISTRIBUTION—Reno is the metropolis and financial center of Nevada and that portion of Northeastern California lying east of the Sierras. It is also a large distributing center for this territory. The city's trade territory extends as follows:

NORTH—270 miles to Lakeview, Oregon.

NORTHWEST—168 miles to Westwood, California.

WEST—97 miles to Paxton, Calif., on the Western Pacific Railroad.

WEST—50 miles to Summit, Calif., on the Southern Pacific Company.

EAST—283 miles to Palisade, Nev., on the Southern Pacific Company and Western Pacific Railroad.

SOUTH—46 miles to Minden, Nev., on the Virginia & Truckee Railway.

SOUTHEAST—52 miles to Virginia City, Nev., on the Virginia & Truckee Railway.

SOUTH—270 miles to Goldfield Railroad.

SOUTH—125 miles to points on the Nevada Copper Belt Railroad.

SOUTH—265 miles to Laws, Calif., on the Southern Pacific Company.

PYRAMID LAKE—Scenic. Fine fishing. Indian Reservation. Located about 50 miles Northeast of Reno. Distance to Sutcliffe on Western shores of lake 55 miles by highway and 62 miles by railroad. Round trip fare via Southern Pacific Company, \$6.36.

SPANISH SPRINGS VALLEY—Site of Spanish Springs Reservoir. Ancient Indian writings. Located about 12 miles Northeast of Reno by highway, intermediate to Pyramid Lake.

TRUCKEE RIVER POINTS (West of Reno)—Fine trout fishing. Good fishing between Reno and the Nevada-California State line (13 miles). Reached over good highways or by Southern Pacific Company. Following fares apply by rail from Reno.

13 miles to Fleish, Nev. and return 96c.

11 miles to Verdi, Nev. and return 76c

7 miles to Mogul, Nev. and return 52c

6 miles to Lawton, Nev. and return 42c

VERDI—Lumber mills and Box factory. Trout fishing. 11 miles west of Reno over paved highway or by rail. See railroad fare in preceding paragraph.

SPARKS—Southern Pacific Company railroad shops. $2\frac{1}{2}$ miles east of Reno over paved highway, and by railroad or street car line. Round trip by railroad 24c by street car 20c.

STEAMBOAT SPRINGS—Natural hot springs and geysers. Highly recommended for medicinal purposes. 11 miles south of Reno. Reached over paved highway or by Virginia & Truckee Railway. Round trip fare (regular 30 day) by rail 95c. Week-end fare 60c.

BOWERS' MANSION—Relic of old Comstock days. Open air bathing resort and picnic grounds. 20 miles south of Reno. Reached over paved highway or by Virginia & Truckee Railway. Regular 30 day round trip fare \$1.80. Week-end fare \$1.32. Special reduced excursion fares during summer months.

WASHOE LAKE—Fine bass and cat fishing. 20 miles south of Reno. For fares, etc., see Bowers' Mansion.

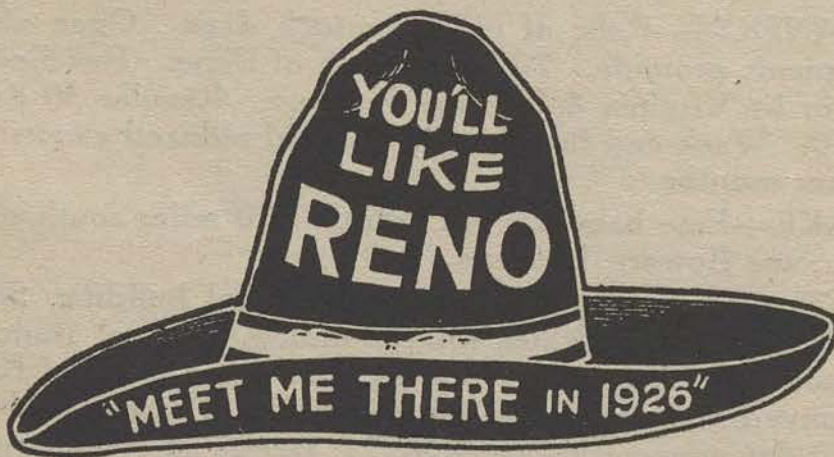

CARSON CITY, STATE CAPITAL—State capital building, Soldiers Memorial Building, United States Mint Building, Federal Building, Nevada State Prison (Prehistoric foot prints). 31 miles south of Reno. Reached over paved highway or via the Virginia & Truckee Railway. By rail regular 30 day round trip fare is \$2.75, week-end round trip fare \$1.80.

STEWART INDIAN SCHOOL—Educational institution operated by the United States Government for Indian children. Fine buildings and grounds. $3\frac{1}{2}$ miles south of Carson City and $34\frac{1}{2}$ miles south of Reno. Reached over 31 miles of paved highway to Carson City and $3\frac{1}{2}$ miles of well graded road from Carson City or via the Virginia & Truckee Railway. By rail regular 30 day round trip fare from Reno to Stewart \$3.00, week-end round trip fare \$2.10.

MINDEN AND GARDNERVILLE (Carson Valley)—"The Garden Spot of Nevada." Rich agricultural valley. 46 miles south of Reno. Good roads, paved as far as Carson City (31 miles) also 2 or 3 miles of paved highway between Minden and Gardnerville. Minden is served by the Virginia & Truckee Railway (Gardnerville 1 mile south). Regular 30 day round trip fare Reno to Minden \$3.65, week-end round trip fare \$2.40.

VIRGINIA CITY AND GOLD HILL—Old Comstock Lode, mines still in operation. Has produced \$700,000,000 in gold and silver. Mines drained by Sutro Tunnel six miles long. Visitors may inspect workings, competent guides being furnished. Reached by good road (10 miles paved) about 25 miles over famous Geiger Grade or via Carson City (52 miles) with 31 miles paved. The distance to Virginia City via the Virginia & Truckee Railway is 52 miles and to Gold Hill 50 miles. Regular 30 day round trip fare, Reno to both Virginia City and Gold Hill is \$3.65, week-end round trip fare \$2.40. 14 miles from Virginia City over good roads there has been discovered Ancient Mongolian writings.

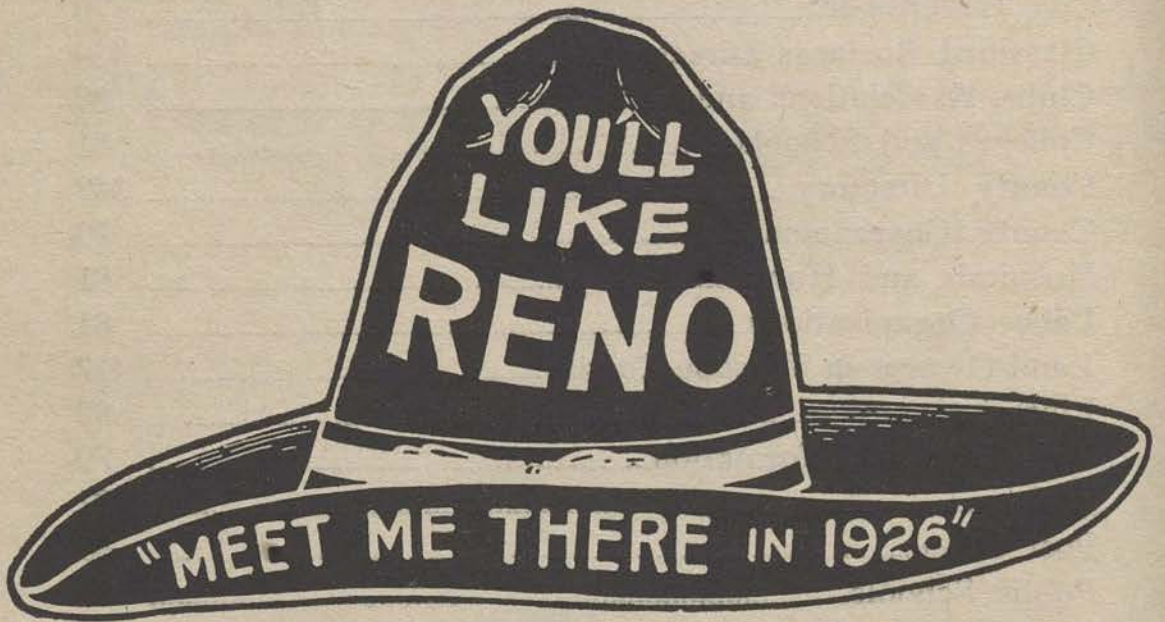

AMERICAN FLAT—Largest silver mill in the United States. American Flat is 5 miles south of Virginia City served by good roads and regular automobile service to and from Virginia City and Gold Hill.

STREET GUIDE

EXPLANATORY

Following will be found a complete list of the streets and avenues of Reno. The city has the 100 to the block system of numbering and for the purpose of uniformity all numbers on streets running east and west commence at Virginia street, the prefix E or W indicating whether the number on any such street is east or west of Virginia street. Streets running north and south are similarly divided by the Truckee river N or S being used to show which side of the river the street number is on. There are many short streets that neither cross Virginia street nor the river, and of course there is no prefix necessary in giving the numbers on these streets.

Note—The word "Street" is understood.

AITKEN, from Truckee e to city limits, 3d s of river.

ALAMEDA AV, from S P Ry track n to city limits; 8 e of Virginia.

ALVARO, north from 6th; 9th w of Virginia.

NIXON. Population 560 Indians and about 40 whites. Situated 51 miles north of Reno on the Truckee river. Is Headquarters of the Nevada Indian Agency, comprising 322,000 acres, including a body of water 40 miles long and 8 miles wide, known as Pyramid Lake, of which the outlet is the Truckee River. About 600 members of the Pah-Ute tribe are permanent residents of the agency, commonly called Pyramid Lake Reservation. The Indians follow farming and stockraising and a training school is maintained at the agency for their benefit. The Susanville branch of the Southern Pacific Co, passes through the entire length of the reservation. Present shipping point, Numana Station, S P Co, 3 miles from Nixon. Long distance telephone. Express, Am Ry. Telegraph, W. U. Daily mail. Wm L Shawk, Postmaster

POLK'S Washoe County Directory 1925 - 26

LAND OWNERS OF WASHOE COUNTY

Note—In the following list are given the names of those who own upward of 1 acre in Washoe County, and who reside in Nevada. Non-resident tax payers are not given. These names have been obtained from the Official Tax Lists at the County Seat, and are therefore considered correct. Following the name of each land owner is given First, number of acres owned; second, assessed valuation; third, owner's postoffice address.

CARSON CITY

Capital of Nevada and county seat of Ormsby County, on the Virginia & Truckee Railway, about 30 miles south of Reno. Population 2,500. Splendid school system, five churches of as many denominations, two daily newspapers, bank and express office. Seat of Federal Court for district of Nevada. Carson City is the gateway to Lake Tahoe over the Osterman Grade (15 miles) and the Yosemite Valley (205 miles) via the famed Tioga Pass. It is the center of inter-mountain tourist travel and a fine free municipal camp ground with all conveniences has been provided for use of automobile tourists. Good Hotel accommodations may be had and close to the city are wonderful hot medicinal springs and bathing resorts. Extensive improvements have been made and are under way. New court house and Memorial building occupy the two blocks opposite the Capitol, making a splendid civic center. Carson City is essentially a city of homes, with its fine location, good water and healthful conditions, but opportunities are open for investment and development. An irrigation plan is being seriously considered and recent mining developments in the hills surrounding the city give promise of the opening of several mines of merit. Carson City is regarded as one of the most progressive cities in the state and is making rapid strides in improvement. The Greater Carson Club performs the functions of a commercial club, and invites correspondence with people interested in the city or the wonderful section surrounding it. The Nevada State Prison, with interesting prehistoric footprints in its rock floors, the leading Indian basket industry of the West, railroad shops, creamery, magnificent state library, Stewart Indian Institute close at hand, Lake Tahoe at its back door, and good roads leading to every point of the compass are a few of the factors that contribute to the building of the city.
