INTRODUCTION

The volume herewith presented constitutes R. L. Polk & Co.'s Reno City, Washoe County and Carson City Directory. The publishers have endeavored to produce a volume embodying all information that is vital concerning the civic, social and industrial life and activity of the several communities included in the publication. A careful enumeration of the citizens and business interests in those communities and a compilation of the same by trained employees, assures as correct and reliable a work of its character as is possible to be produced. The publishers have an organization solely devoted to the publication of Directories, and their methods and resources are unrivalled. Their imprint on the hundreds of Directories published for cities throughout the country attests the quality and reliability of their product. Directories are an essential and indispensable means of reference and an index to what is in a community. They portray it as it actually is and they are the only means whereby its various features can be learned by the general public throughout the country.

The several essential departments of the Directory are set forth in the order following:

THE BUYERS' GUIDE, pages 25 to 80, contains the advertisements of the leading and progressive business men and concerns in the cities and towns included in this volume, alphabetically arranged under headings adapted to the class of business conducted. This feature is printed on tinted paper.

THE MISCELLANEOUS DEPARTMENT, pages 13 to 18, includes data concerning state, city and county officials Federal officials, churches, schools and colleges, clubs, associations, secret and benevolent societies, etc.

THE STREET AND AVENUE GUIDE, for Reno, covers pages 19 to 24.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations in Reno is embraced in pages 81 to 348; a similar list for Sparks is contained in pages 475 to 524, and for Carson City in pages 531 to 551.

RURAL ROUTES FROM RENO POSTOFFICE—Pages 349 to 353 include alphabetically arranged lists of residents on rural routes served from Reno postoffice. A description of each route is given.

WASHOE COUNTY VILLAGES AND POSTOFFICES —Pages 463 to 474, contain a gazetteer of the post offices, towns and villages in the county.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 355 to 462. In this department the names of all persons, firms and corporations engaged in business are arranged first by headings appropriate to the class of industry pursued, then by names alphabetically arranged, the whole forming a complete epitome of the active industries and activities of the city. According to the Polk slogan The Directory is the Common Intermediary between Buyer and Seller.

The closing pages contain the names and postoffice addresses of the taxpayers of Washoe County.

DIRECTORY LIBRARY

A library of City Directories is maintained by the publishers at the Reno Chamber of Commerce for the free use of our patrons. As the latest Directories are issued, they will be added to the library, thereby keeping it up-to-date from year to year. We extend a cordial invitation to each and every one of our subscribers to make frequent use of this library and to consult the Directories on file as often as desired when information in regard to any individual, firm, corporation or institution located in other cities is desired.

MUNICIPAL PUBLICITY
ADVERTISING RENO AND WASHOE COUNTY

An important function of the Directory is to set forth the characteristics and advantages of the community as a place of residence, as a business location and as an industrial site. In order to spread this information regarding the community broadcast over the country, the publishers place copies of this issue of the Directory in Directory libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as a perpetual advertisements for Reno and Washoe County for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens of Reno and Washoe County for the valuable assistance rendered in the way of furnishing information concerning themselves and friends for this Directory and also the public spirited and progressive, professional and business men for the support given in the way of patronage.

NEVADA'S TRANSCONTINENTAL HIGHWAYS EXPOSITION

Nevada's Transcontinental Highways Exposition will celebrate from June 25th to July 31, 1927, the completion of the great highways systems which span the continent. Not only does this gigantic event mark an epoch in the development of Nevada and the entire West by more closely uniting the Atlantic with the Pacific, the North with the South, through the medium of long, sweeping, easily travelled highways, but it also commemorates the splendid romance of our early pioneer life and with striking fitness identifies a new era of unprecedented prosperity for this commonwealth.

Nevada, vast state of mystery and dormant natural wealth, is rich in a history to be revealed to the hordes of visitors from every clime who will respond to the attractions of our Wonderland. Replete with art, science, law, order and material prosperity, the accomplishments of the communities and citizens of Nevada will be presented to the gaze of the world.

Nevada will not be alone in this gigantic undertaking. Her ten sister states of the West will join hands in showing their wares and wealth in a group of five gigantic palaces of exhibits located in beautiful Idlewild Park, the eighty-acre home of Nevada's Exposition.

While Nevada's myriads of guests are within our borders, their attention will be directed to natural wonders beyond comparison. Some will call this the rainbow's end and remain with us to build our Nevada; others will return to their homelands filled with tales for eager ears about Tahoe, Pyramid, Donner, Virginia City, Lehman Caves, Valley of Fire, Lost City, the best hunting and fishing on the continent, endless miles of blossoming desert, perpetual glaciers in a land generally regarded as barren, bounteous crops, prize livestock and superior wool, not to mention mineral, agricultural and business opportunities to attract those whose hearts long to be out here "where the West really is."

You, of Nevada, are truly favored in an unsullied clime. Visitors to Nevada's Exposition will tell you so.

NEVADA'S FAMOUS METROPOLIS

Reno is the judicial seat of Washoe County, and the metropolis of the State of Nevada. It is situated on the banks of the Truckee River, on the east base of the Sierra Nevada mountains, at an elevation of 4,500 feet above sea level. San Francisco is 244 miles to the west and Salt Lake City 576 miles to the east. The Southern Pacific, the Western Pacific and the Virginia & Truckee Railroads give daily service through Reno. Carson City, the capital of the State of Nevada, is 30 miles to the south, and a few miles to the east is Virginia City, the home of the famous Comstock mines.

Reno was settled in 1858 by eastern emigrants who had started for California, but seeing the fertile lands of the Truckee meadows, with the bleak Sierra Nevada mountains between them and California, settled in the seclusion of this valley. In 1869 it was incorporated and in 1901 chartered as a city.

The chief industrial establishments of Reno are a packing house, an electric power plant, pressed brick works, two flour mills, a soap factory and a number of smaller manufactories. It is in a farming and stock raising region in the center of the shipping in and out of the state, and is an important point for a vast territory covering Northern California, and all of Nevada.

Reno is the seat of the University of Nevada, which ranks high among the colleges of the United States.

The population of Reno was 12,016, according to the Federal Census of 1920, which only included the residents within the corporate limits. But the city has enjoyed a

substantial growth since that census was taken, and the population is now estimated from a recent survey by the Public Service Corporations and the Chamber of Commerce to be over 16,000.

The civic government is vested in a mayor and a city council of five members, all of whom are elected by the people.

The principal public buildings are a government building, eight churches, the Nevada State Hospital for Mental Diseases, educational buildings at the State University, State Agricultural College and Experiment Station, Normal School, Carnegie Library, eight public schools and two kindergartens, social clubs, four banks, county buildings, and the Reno Chamber of Commerce.

Reno is a live, enterprising city with all modern improvements, consisting of an electric street railway, gas, water, electric and power facilities, hospitals, Y M C A, theatres, good hotels and restaurants.

Twenty miles to the west is Lake Tahoe, the gem lake of the continent.

Thirty miles to the east is Pyramid Lake, a picturesque lake situated on an Indian reservation.

Two hours' drive to Feather River, situated in the Big Pines of California.

One day's drive to Yosemite National Park.

Within a few miles of Reno are Bowers Springs and Steamboat Springs where there is bathing the year round, due to hot water springs of volcanic origin.

Reno is the city with the most enjoyable climate in the world, where the sun shines every day in the year and sickness is banished.

Reno is the biggest little city on the map.

THE RENO CHAMBER OF COMMERCE

The Reno Chamber of Commerce is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the city and had its inception in a desire to promote their growth in home building, in manufacturing industries, in civic improvement and in commercial importance.

Street Guide

EXPLANATORY

Following will be found a complete list of the streets and avenues of Reno. The city has the 100 to the block system of numbering and for the purpose of uniformity all numbers on streets running east and west commence at Virginia street, the prefix E or W indicating whether the number on any such street is east or west of Virginia street. Streets running north and south are similarly divided by the Truckee river N or S being used to show which side of the river the street number is on. There are many short streets that neither cross Virginia street nor the river, and of course there is no prefix necessary in giving the numbers on these streets.

Note—The word "Street" is understood

Sunset Motor Co.

Manufacturers of the SUNSET SIX

Equipped with Davis Transmission which eliminates the conventional clutch, transmission and differential gears.

FEATURES OF THE DAVIS TRANSMISSION

1. Starts without jerk or jar.
2. An equal pull on each rear wheel.
3. Eight speeds forward and reverse gives increased driving range.
4. A two-wheel drive obviates skidding.
5. Conventional differential gears entirely eliminated, thereby increasing efficiency.
6. Ninety-five per cent of motor power delivered to rear wheels.
7. Great saving of lubricating oils, grease, gasoline and tires.
8. Simplicity of operation, as lever cannot be moved to break transmission.
9. A true rolling cone contact with fibre faces against metal. Fibre faces are the driving members.
10. Emergency brake always ready and in order, as this is simply the reversal of the transmission.
11. Extra driving range permits reasonable engine speed, which means low gasoline consumption and more mileage.
12. In eliminating the clutch, transmission driving gears, the differential gears and emergency brake, the DAVIS TRANSMISSION serves the purposes of all these and does all this work better.

STATEWIDE IN ITS SCOPE

NEVADA STATE JOURNAL

RENO, NEVADA

MRS. EMMET D. DOYLE, Publisher

The Nevada State Journal is the only newspaper in Nevada that is printed every day.

The Nevada State Journal is the only morning daily between Salt Lake City and Sacramento.

AN EXCLUSIVE FIELD

The Journal has an exclusive field and it covers this field which extends to all points of Northern, Central and Eastern Nevada as well as North-Eastern California and Southern Oregon.

Unequalled in its Newsgathering facilities.

Full Associated Press Service by leased wire.

Correspondents in all parts of Nevada and North-Eastern California.

Special mining correspondents in all Nevada mining camps.

Large corps of experienced news writers on its local staff.

Special Bureau at the State Capitol.

DEVOTED TO STATE DEVELOPMENT

NEWSPAPERS

A Frank Word to Advertisers About Newspaper Circulation

The circulation reported by the Gazette is PAID circulation. Every paper mailed by the Gazette to its out-of-town subscribers is paid for in advance. Its circulation is not obtained by contests or premiums, but solely upon its merits as a newspaper.

The net paid circulation of the Reno Evening Gazette in the city of Reno is twice that of any other newspaper in this city.

Its net paid circulation in this territory (a radius of thirty-five miles from Reno) is twice that of any competing newspaper.

Its net paid circulation in the State of Nevada is 50 per cent greater than that of any other newspaper published in this state.

The Gazette is the only Nevada newspaper which reports its circulation upon a NET PAID subscriber basis. It is the only Nevada newspaper which reveals its circulation record, its cash books, its paper purchases, and everything pertaining to circulation accounting to advertisers.

Ninety per cent of the business transacted by ninety per cent of the advertising firms in Reno is drawn from the city of Reno, the city of Sparks, Carson City, Virginia City and the Truckee Meadows. This territory is COMPLETELY covered by the Gazette. Its circulation in this territory, which is your sales territory, is twice that of any competitor.

The City Directory

Is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

The City Directory

Is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

CARSON CITY

Capital of Nevada and county seat of Ormsby County, on the Virginia & Truckee Railway, about 30 miles south of Reno. Population 2,500. Splendid school system, five churches of as many denominations, two daily newspapers, bank and express office. Seat of Federal Court for district of Nevada. Carson City is the gateway to Lake Tahoe over the Osterman Grade (15 miles) and the Yosemite Valley (205 miles) via the famed Tioga Pass. It is the center of inter-mountain tourist travel and a fine free municipal camp ground with all conveniences has been provided for use of automobile tourists. Good Hotel accommodations may be had and close to the city are wonderful hot medicinal springs and bathing resorts. Extensive improvements have been made and are under way. New court house and Memorial building occupy the two blocks opposite the Capitol, making a splendid civic center. Carson City is essentially a city of homes, with its fine location, good water and healthful conditions, but opportunities are open for investment and development. An irrigation plan is being seriously considered and recent mining developments in the hills surrounding the city give promise of the opening of several mines of merit. Carson City is regarded as one of the most progressive cities in the state and is making rapid strides in improvement. The Greater Carson Club performs the functions of a commercial club, and invites correspondence with people interested in the city or the wonderful section surrounding it. The Nevada State Prison, with interesting prehistoric footprints in its rock floors, the leading Indian basket industry of the West, railroad shops, creamery, magnificent state library, Stewart Indian Institute close at hand, Lake Tahoe at its back door, and good roads leading to every point of the compass are a few of the factors that contribute to the building of the city.

TRADE! You like

to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

Trade Acceptance Discount Tables

Rates from 3 to 7 per cent. by one-sixteenth of 1 per cent. on $100 basis, running up to 15 decimals.

Absolute accuracy for any amount, 360 days to the year.

The tables show 40 daily periods, consequently by simply moving the point you get any number of days.

By single multiplication you get the discount or interest of any amount.

May be used as Bank Discount Tables and as Interest Tables.
