Introduction

R. L. Polk & Co. (publishers of more than 700 other city, county, state and national directories) presents to its subscribers and to the general public this 1929-30 edition of the Reno Directory (which also includes directory of Washoe County as well as rural free delivery box holders on routes which are pivotal from the Reno Post Office.)

Confidence in the growth of Reno and its wealth, industry and population as well as in the advancement of its municipal and social activities will be created as sections of this directory are consulted, for truly the directory is a mirror reflecting Reno and Washoe County to the world.

The enviable place occupied by R. L. Polk & Co.'s directories in offices, stores, libraries and homes throughout our country, causes the publishers to forecast the belief that the Reno Directory will fulfill its mission as a source of authentic information of any and every kind pertaining to our city. With an unrivaled organization having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labor will meet with the approval of every resident of the city.

Population

The estimated population of Reno is 19,000, based on the number of individual names in the alphabetical section of the Directory with due allowance for women and children, whose names are not included. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the Directory.

Five Major Departments

The several essential departments are arranged in the following order:

MISCELLANEOUS DEPARTMENT, pages 19 to 22, presents a variety of information, such as city government, county officials, courts, State and Federal officials, post office and public schools.

THE BUYERS' GUIDE, pages 25 to 80, printed on tinted paper, contains the advertisements of the leading manufacturing, business and professional interests of Reno. These pages will be found particularly interesting and instructive to the substantial elements of the city. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and as such, merits a survey of all buyers keen to prime themselves on sources of supply. The city's activities, in many interesting phases, are interestingly pictured to reveal what it has in its show window. In an ambitious and progressive community like Reno the need of this kind of information readily at hand is very great and frequently pressing. General appreciation of this fact is evidenced by the liberal patronage the City Directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms, corporations for Reno is included in pages 81 to 284. A feature of this section is the inclusion of the wife's name in parenthesis following that of the husband. The

alphabetical list for Sparks is included in pages 437 to 484, and for Carson City pages 499 to 515. Washoe County, including the following towns, Flanigan, Gerlach, Purdys, Pyramid, Steamboat, Verdi, Vya and Wadsworth, are included on pages from 433 to 490.

THE STREET AND AVENUE GUIDE AND DIRECTORY OF HOUSEHOLDERS covers pages 285 to 346. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 347 to 432. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory Section than through any other medium."

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To give emphasis to their desire to broadcast this information over the country, the publishers have placed copies of this issue of the Directory in Directory Libraries, which are maintained in all the larger cities of the country, where they are readily available for free public reference and serve as perpetual advertisements of Reno, for business men the country over realize that the City Directory represents the community as it really is.

The R. L. Polk & Company Directory Library

There are over 400 of these Directory Libraries in the chain. One of them is maintained at the Reno Public Library. The publishers invite use of it by the public whenever in the need of information on other cities.

The publishers appreciatively acknowledge the patronage of those progressive business and professional men who have expressed their confidence in the City Directory as an advertising medium, with assurance that it will bring commensurate return.

Nevada's Famous Metropolis

Reno is the judicial seat of Washoe County, and the metropolis of the State of Nevada. It is situated on the banks of the Truckee River, on the east base of the Sierra Nevada mountains, at an elevation of 4,500 feet above sea level. San Francisco is 244 miles to the west and Salt Lake City 576 miles to the east. The Southern Pacific, the Western Pacific and the Virginia & Truckee Railroads give daily service through Reno. Carson City, the capital of the State of Nevada, is 30 miles to the south, and a few miles to the east is Virginia City, the home of the famous Comstock mines.

Reno was settled in 1858 by eastern emigrants who had started to California, but seeing the fertile lands of the Truckee meadows, with the bleak Sierra Nevada

mountains between them and California, settled in the seclusion of this valley. In 1869 it was incorporated and in 1901 chartered as a city.

The chief industrial establishments of Reno are a packing house, an electric power plant, pressed brick works, two flour mills, a soap factory and a number of smaller manufactories. It is in a farming and stock raising region; is the center of the shipping in and out of the state, and is an important point for a vast territory covering Northern California, and all of Nevada.

Reno is the seat of the University of Nevada, which ranks high among the colleges of the United States.

The population of Reno was 12,016, according to the Federal Census of 1920, which included only the residents within the corporate limits. But the city has enjoyed a substantial growth since that census was taken, and the population is now estimated from a recent survey by the Public Service Corporations and the Chamber of Commerce to be over 19,000.

The civic government is vested in a mayor and a city council of five members, all of whom are elected by the people.

The principal public buildings are a government building, eight churches, the Nevada State Hospital for Mental Diseases, educational buildings at the State University, State Agricultural College and Experimental Station, Normal School, Carnegie Library, eight public schools and two kindergartens, social clubs, four banks and county buildings.

Reno is a live, enterprising city with all modern improvements, consisting of gas, water, electric and power facilities, hospitals, Y. M. C. A., theatres, good hotels and restaurants.

Twenty miles to the west is Lake Tahoe, the gem lake of the continent.

Thirty miles to the east is Pyramid Lake, a picturesque lake situated on an Indian reservation.

Two hours' drive to Feather River, situated in the Big Pines of California.

One day's drive to Yosemite National Park.

Within a few miles of Reno are Bowers Springs, Lawton Springs, Moana Springs and Steamboat Springs where there is bathing the year round, due to hot water springs of volcanic origin.

Reno is the city with the most enjoyable climate in the world, where the sun shines every day in the year and sickness is banished.

Reno is the biggest little city on the map.

The Reno Chamber of Commerce

The Reno Chamber of Commerce is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the city and had its inception in a desire to promote their growth in home building, in manufacturing industries, in civic improvement and in commercial importance.

High Spot Landmarks

Reno ("The Biggest Little City in the World")—Located in the Truckee Meadows in the center of a rich agricultural district.

University of Nevada—Mackay School of Mines and Mackay Field. Modern Public School System.

Four City Parks—Powning Park, Wingfield Park, public tennis courts and children's playground. Idlewild Park, artificial lake, boating and swimming in summer and ice skating in winter. The city is fostering winter sports in the form of ice skating. This park was the site for the Nevada Highways Exposition which was held in Reno from June 25th to July 31st, inclusive, 1927. The park contains approximately 48 acres located on the south bank of the Truckee River. Whittacre Park, children's playground.

United States Air Mail Field—1 mile south of Reno.

Moana Springs—Picnic grounds, bathing and dancing, 2 miles south of Reno over paved road.

General—Population about 19,000. The city is served by three railroads, being on the main line of the Southern Pacific Company, on a branch line of the Western Pacific Railroad and one of the termini of the Virginia & Truckee Railway.

Manufactures—The following commodities are manufactured in Reno: Packing house products, brick, flour, soap, soap powders, cereals and beverages, ice cream, lumber products, marble and granite products, cigars and crushed rock.

It Pays To Be Prominently Displayed

To let people know **WHO** you are, **WHERE** you are and **WHAT** you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so **CONSTANTLY** used as the City Directory.

It Spares You the Labor of
Calculating Each Transaction

Trade Acceptance Discount Tables

Rates from 3 to 7 per cent by one-sixteenth of 1 per cent on \$100 basis, running up to 15 decimals.

Absolute accuracy for any amount, 360 days to the year.

The tables show 40 daily periods, consequently by simply moving the point you get any number of days.

By single multiplication you get the discount or interest of any amount.

May be used as Bank Discount Tables and as Interest Tables.

No "Sales"

But Low Prices Every Day

We buy and sell only standard, first quality goods. We do not handle bankrupt stocks, imperfect goods or "seconds." Hence we have no pretext for "reducing prices."

When new merchandise is received the lowest possible price consistent with the market value of the goods is placed on it. You get this value EVERY DAY.

Shop at your convenience. If you can not shop today, the same low price will be here tomorrow.

NEWSPAPERS

Americans Prefer

Evening Newspapers

This Preference is Most Emphatic

It is reflected in the number of Reno and Nevada Homes that Subscribe for and read the

Reno Evening Gazette

Two classes have expressed this preference:

- 1. Those who read newspapers, and**
- 2. Those who advertise in newspapers**

The preference expressed by those who read is an infallible guide for those who advertise—

The Gazette has the largest circulation in the city of Reno and in the state of Nevada.

It is the choice of advertisers, carrying more national and local advertising than any other newspaper in the state.

NIXON

Population 560 Indians and about 40 whites. Situated 31 miles north of Reno on the Truckee river. Is headquarters of the Nevada Indian Agency, comprising 322,000 acres, including a body of water 40 miles long and 8 miles wide, known as Pyramid lake, of which the outlet is the Truckee river. About 600 members of the Pah-Ute tribe are permanent residents of the agency, commonly called Pyramid Lake Reservation. The Indians follow farming and stock raising and a training school is maintained at the agency for their benefit. The Susanville branch of the Southern Pacific Co. passes through the entire length of the reservation. Present shipping point, Numana Station, S P Co, 3 miles from Nixon. Long distance telephone. POLK'S WASHOE COUNTY DIRECTORY 1929-30

LAND OWNERS OF WASHOE COUNTY

Note—In the following list are given the names of those who own upward of 1 acre in Washoe County, and who reside in Nevada. Non-resident tax payers are not given. These names have been obtained from the Official Tax Lists at the County Seat, and are therefore considered correct. Following the name of each land owner is given First, number of acres owned; second, assessed valuation; third, owner's post-office address.

CARSON CITY

Capital of Nevada and county seat of Ormsby County, on the Virginia & Truckee Railway, about 30 miles south of Reno. Population 2950. Splendid school system, five churches of as many denominations, two daily newspapers, bank and express office. Seat of Federal Court for district of Nevada. Carson City is the gateway to Lake Tahoe over the Osterman Grade (15 miles) and the Yosemite Valley (205 miles) via the famed Tioga Pass. It is the center of inter-mountain tourist travel and a fine free municipal camp ground with all conveniences has been provided for use of automobile tourists. Good Hotel accommodations may be had and close to the city are wonderful hot medicinal springs and bathing resorts. Extensive improvements have been made and are under way. New court house and Memorial building occupy the two blocks opposite the Capitol, making a splendid civic center. Carson City is essentially a city of homes, with its fine location, good water and healthful conditions, but opportunities are open for investment and development. An irrigation plan is being seriously considered and recent mining developments in the hills surrounding the city give promise of the opening of several mines of merit. Carson City is regarded as one of the most progressive cities in the state and is making rapid strides in improvement. The Greater Carson Club performs the functions of a commercial club, and invites correspondence with people interested in the city or the wonderful section surrounding it. The Nevada State Prison, with interesting prehistoric footprints in its rock floors, the leading Indian basket industry of the West, railroad shops, creamery, magnificent state library, Stewart Indian institute close at hand, Lake Tahoe at its back door, and good roads leading to every point of the compass are a few of the factors that contribute to the building of the city.

It Pays To Be Prominently Displayed

To let people know WHO you are, WHERE you are and WHAT you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so CONSTANTLY used as the City Directory.
