# INTRODUCTION

---

R. L. POLK & CO., publishers of the Reno City Directory, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this, the 1933 edition of the Reno Directory,, which also includes directories of Sparks, Carson City and Washoe County, together with a directory of the rural free delivery box holders on routes which are pivotal from the Reno Post Office.

Confidence in the continued growth of Reno's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Reno and Washoe County to the world.

The enviable place occupied by Polk's directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Reno Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Population

The estimated population of Reno is 19,323, based on the number of individuals' names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory. The population of Sparks is estimated at 4,293 and of Carson City at 1,667.

## Seven Major Departments

The several essential departments are arranged in the following order:

THE BUYERS' GUIDE, pages 21 to 52, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Reno and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like the Reno district, the necessity of having this kind of information immediately available, is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Reno is included in pages 53 to 220. A similar list for

Sparks is contained in pages 281 to 318, and for Carson City, pages 335 to 349.

THE DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES, AND STREET AND AVENUE GUIDE for Reno covers pages 221 to 286. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. Home property ownership is indicated by the character "o," placed immediately after the name of the householders. A similar guide for Sparks is contained in pages 319 to 330.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 359 to 428. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE WASHOE COUNTY DIRECTORY, including the small towns of the county, arranged in alphabetical order, covers pages 351 to 358.

THE RURAL ROUTES DIRECTORY, pages 429 to 435, includes the box holders on the rural routes served by the Reno Post Office.

THE NUMERICAL TELEPHONE DIRECTORY for Reno and Sparks is given in pages 437 to 485.

### **Community Publicity**

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisementss of Reno and vicinity, for business men, everywhere, realize that the city directory represents a community as it really is.

### **The Reno Directory Library**

Through the courtesy of the publishers of the Reno City Directory, a Directory Library is maintained in the offices of the Reno Chamber of Commerce, for free reference by the general public. This is one of the 400 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

## NEVADA'S FAMOUS METROPOLIS

Reno is the judicial seat of Washoe County, which according to the 1930 census has a population of 27,158 people, and is the metropolis of the State of Nevada. The City is situated on the banks of the Truckee River, on the eastern slope of the Sierra Nevada Mountains, at an elevation of 4,500 feet above sea level. San Francisco is 244 miles to the west, Salt Lake City 576 miles to the east and Los Angeles 496 miles south. The Southern Pacific Company, the Western Pacific and the Virginia and Truckee Railroads give daily service to and from Reno. Carson City, the capital of the State of Nevada, is 30 miles to the south, and a few miles to the east is Virginia City, the home of the famous Comstock Lode.

Reno was settled in 1858 by eastern emigrants who had started to California, but seeing the fertile lands of the Truckee meadows, with the high Sierra Nevada mountains between them and California, settled in the seclusion of the valley. In 1869 it was incorporated and in 1901 chartered as a city.

The chief industrial establishments of Reno are two packing houses, an electric power plant, pressed brick works, flour mills, several lumber mills, a soap factory, an ice cream factory, manufacturers of creamery products and a number of smaller enterprises. The City is in a farming and stock raising region, is the center of the shipping in and out of the State, and is an important point for a vast territory covering Northern California and the greater part of Nevada.

Reno is growing in importance as a highway diversion point, being located on two transcontinental routes, (U. S. 40 and U. S. 50), both improved for over 400 miles between the California and Utah state lines in Nevada. Other important improved highways reaching points in Nevada and California north and south of Reno connect with the transcontinental routes at this point.

The University of Nevada, which ranks high among the colleges of the United States, is located in this City.

The population of Reno was 18,529 according to the Federal Census, which included only the residents within the corporate limits. This represents an increase of 53.9 per-cent over the 1920 population.

The civic government is vested in a mayor and city council of six members, all of whom are elected by the people.

The principal public buildings are a government building, eight churches, the Nevada State Hospital for Mental Diseases, educational buildings at the University of Nevada, the Washoe County Library Building, State Agricultural

College and Experimental Station, Normal School, County Buildings, City Administration Building, New Federal Post Office Building, nine public schools and two kindergartens, social clubs and fraternal society buildings and four banks.

Reno is a live, enterprising City with all modern improvements, consisting of gas, water, electric and power facilities, modern telephone and telegraph communication, hospitals, Y.M.C.A., Y.W.C.A., theatres, good hotels and restaurants.

Twenty miles to the west is Lake Tahoe the gem lake of the continent.

Thirty miles to the east is Pyramid Lake, a picturesque lake situated on an Indian Reservation.

Two hours' drive to the Feather River country, situated in the big pines of California.

One day's drive to Yosemite National Park over the far-famed Tioga Pass.

Within a few miles of Reno are Bowers Mansion, Lawton Springs, Moana Springs, Reno and Steamboat Springs where there is bathing the year around, due to hot water springs of volcanic origin.

Reno is the City with the most enjoyable climate in the world, where the sun shines every day in the year and sickness is banished. Four distinct seasons. Winters are short, moderately cold, while nearby snow areas offer winter sports of every description to visitors. Reno is noted for sunshine and beauty. In summer the days are moderately warm and balmy, while the nights are delightfully cool and refreshing.

## THE RENO CHAMBER OF COMMERCE

The Reno Chamber of Commerce is a live organization which has had much to do with the progress of the City and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the City and had its inception in a desire to promote growth in home building, in manufacturing industries, in civic importance and in commercial importance.

# CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

***The City Directory***

*places the city on the map and  
is its only representative  
to the world beyond  
its own gates*

It is the city's catalog of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

POLK'S  
**RENO**

Directory of Householders

Occupants of Office Buildings & Other Business Places

INCLUDING A COMPLETE

Street and Avenue Guide

1933

Copyright, 1933, by R. L. Polk & Co. of California

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

# THE CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves a great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

POLK'S  
**SPARKS**

Directory of Householders

Occupants of Office Buildings & Other Business Places

INCLUDING A COMPLETE

Street and Avenue Guide

1933

Copyright, 1933, by R. L. Polk & Co. of California

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks, containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets in their regular alphabetical order.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

## *Names Appearing in Bold Type . . .*

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

## Advertise Your Good Things

---

---

Many a limping business is kept from healthful development by the morbid aversion of one of a firm's members to publicity—perhaps he is honestly so conscious of the excellence of his wares that he expects the world to search them out. But the busy world hasn't time. If you have a good thing to sell, proclaim it from the housetops. The world wants good things, but it can't discover them in hiding places. Bring them into the market place.

THE CITY  
DIRECTORY  
IS A  
CATALOG  
OF  
YOUR CITY

**TRADE! You like**  
to patronize those concerns who  
are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such fundamentals as the citizens themselves.

If you are not advertising your business in the Directory, may be explain how and why it will pay you?

## R. L. POLK & COMPANY OF CALIFORNIA, Publishers

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

# THIS PUBLICATION IS THE PRODUCT OF A MEMBER OF

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its full-

est use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

## The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

## The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

**I**N LINE with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to makeup, compilation and classified business headings which will simplify and facilitate their use.

# How To Use This Directory

To get the most good from this Directory you must know what it contains and how to use it. You cannot get this knowledge by glancing hastily through the book, and assuming that your mind grasps a full idea of its contents from the name. Read the Title Page, front of Book.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

## All members of this association have subscribed to the following STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

**\$100.00 REWARD** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.
