# THIS PUBLICATION IS THE PRODUCT OF A MEMBER OF

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its full-

est use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

# INTRODUCTION

---

R. L. POLK & CO., publishers of the Reno City Directory, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this the 1935 edition of the Reno Directory, which also includes directories of Sparks, Carson City and Washoe County, together with a directory of the rural free delivery box holders on routes which are pivotal from the Reno Post Office.

Confidence in the continued growth of Reno's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Reno and Washoe County to the world.

The enviable place occupied by Polk's directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Reno Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Population

The estimated population of Reno is 20,204, based on the number of individuals' names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory. The population of Sparks is estimated at 4,600 and of Carson City at 1,700.

## Seven Major Departments

The several essential departments are arranged in the following order:

THE BUYERS' GUIDE, pages 21 to 48, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Reno and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like the Reno district, the necessity of having this kind of information immediately available, is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Reno is included in pages 49 to 240. A similar list for

Sparks is contained in pages 313 to 349, and for Carson City, pages 367 to 384.

THE DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES, AND STREET AND AVENUE GUIDE for Reno covers pages 241 to 312. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. Home property ownership is indicated by the character "o," placed immediately after the name of the householders. A similar guide for Sparks is contained in pages 351 to 366.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 391 to 458. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE WASHOE COUNTY DIRECTORY, including the small towns of the county, arranged in alphabetical order, covers pages 385 to 390.

THE RURAL ROUTES DIRECTORY, pages 459 to 464, includes the box holders on the rural routes served by the Reno Post Office.

THE NUMERICAL TELEPHONE DIRECTORY for Reno and Sparks is given in pages 465 to 514.

### **Community Publicity**

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Reno and vicinity, for business men, everywhere, realize that the city directory represents a community as it really is.

### **The Reno Directory Library**

Through the courtesy of the publishers of the Reno City Directory, a Directory Library is maintained in the offices of the Reno Chamber of Commerce, for free reference by the general public. This is one of the 400 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

## NEVADA'S FAMOUS METROPOLIS

Reno is the county seat of Washoe County, which according to the 1930 census has a population of 27,158 people, and is the metropolis of the State of Nevada. The City is situated on the banks of the Truckee River, on the eastern slope of the Sierra Nevada Mountains at an elevation of 4,500 feet above sea level. San Francisco is 244 miles to the west, Salt Lake City 539 miles to the east, Los Angeles 485 miles to the south and Portland 631 miles to the north. The Southern Pacific Company, the Western Pacific Railroad and the Virginia and Truckee Railway give daily service to and from Reno. Carson City, the capital of the State of Nevada, is 30 miles to the south, and 21 miles to the south-east is Virginia City, the home of the famous Comstock Lode.

Reno was settled in 1858 by eastern emigrants who had started to California, but seeing the fertile lands of the Truckee meadows, with the high Sierra Nevada mountains between them and California, settled in the seclusion of the valley. In 1869 it was incorporated and in 1901 chartered as a city.

Reno's industrial plants produce the following commodities: packing-house products (meat), confectionery, flour and cereals, brick and other clay products, ice cream, soap and soap powders, bakery products, lumber products, dairy products, ice, beverages, cement blocks, machinery and castings, medical supplies, cigars, auto glass, mirrors leather goods, sheet metals, toys and wooden goods, jewelry, marble and granite products, auto tops, mattresses and radiators. The City is in a farming, mining, stock raising and timber region, is the shipping center of the State, and is an important point for a vast territory covering Northern California and the greater part of Nevada.

Reno is the center of the highway system of Nevada and an important diversion point for the entire Pacific Coast and inter-mountain region. U. S. 40 and U. S. 50 (the Victory and Lincoln Highways) two transcontinental routes pass through the heart of the City. These two routes are fully improved across the State of Nevada for a distance of over four hundred miles on each route, the entire mileage being either paved, oiled or graveled surface, approximately 95 per cent paved or oiled. The City is on the Dallas-Reno-Los Angeles Highway, and the Yosemite-Yellowstone Route which links these two great National Parks. It is the Northern terminal of Nevada's North and South Bonanza Highway, extending from Reno to Las Vegas and Boulder Dam.

OF AMERICA

The City is also on the Three Flags Highway, an international route extending from Canada to Mexico.

The University of Nevada, which ranks high among the colleges of the United States, is located in this City.

The population of Reno was 18,529 according to the Federal Census in 1930, which included only the residents within the corporate limits. This represents an increase of 53.9 per cent over the 1920 population.

The civic government is vested in a mayor and city council of six members, all of whom are elected by the people.

The principal public buildings are a Federal Post Office building housing the post office and various government agencies, eight churches, the Nevada State Hospital for Mental Diseases, educational buildings at the University of Nevada, the Washoe County Court House, the Washoe County Library Building, State Agricultural College and Experiment Station, Normal School, City Administration Building, nine public schools and two kindergartens, social clubs and fraternal society buildings, three banks, and a County General Hospital.

Reno is a live, enterprising City with all modern improvements. Twenty miles to the west is Lake Tahoe the gem lake of the continent.

Thirty miles to the east is Pyramid Lake, a picturesque lake situated on an Indian Reservation.

One hour drive to the Feather River country, situated in the big pines of California.

An easy day's drive to Yosemite National Park over the far-famed Tioga Pass.

Within a few miles of Reno are Bower's Mansion, Lawton Springs, Moana Springs, Reno and Steamboat Springs where there is bathing the year round due to the development of hot water springs of volcanic origin.

Reno is the City with the most enjoyable climate in the world, where the sun shines every day in the year and sickness is banished. Four distinct seasons. Winters are short, moderately cold, while nearby snow areas offer winter sports of every description to visitors. Reno is noted for sunshine and beauty. In summers the days are moderately warm and balmy, while the nights are delightfully cool and refreshing.

### **THE RENO CHAMBER OF COMMERCE**

The Reno Chamber of Commerce is a live organization which has had much to do with the progress of the City and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the City and had its inception in a desire to promote growth in home building, in manufacturing industries, in civic importance and in commercial importance.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.  
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.  
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**RENO**

Directory of Householders

Occupants of Office Buildings and Other Business Places

INCLUDING A COMPLETE

Street and Avenue Guide

1935

Copyright, 1935, by R. L. Polk &amp; Co. of California

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupant or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**TRADE! You like  
to patronize those concerns who  
are in business to stay.**

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such fundamentals as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

Directory of Householders  
Occupants of Office Buildings and Other Business Places

INCLUDING A COMPLETE

### Street and Avenue Guide 1935

Copyright, 1935, by R. L. Polk & Co. of California

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets in their regular alphabetical order.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

## *Names Appearing in Bold Type . . .*

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

**PATRONIZE THEM**

# CARSON CITY

---

Capital of Nevada and county seat of Ormsby County, on the Virginia & Truckee Railway, 31 miles south of Reno. Seat of Federal Court for district of Nevada. Carson City is the gateway to Lake Tahoe over the Osterman Grade (15 miles) and the Yosemite Valley (205 miles) via the famed Tioga Pass. It is the center of inter-mountain tourist travel. Good hotel accommodations may be had and close to the city are wonderful hot medicinal springs and bathing resorts. New court house and Memorial building occupy the two blocks opposite the Capitol, making a splendid civic center. Carson City is essentially a city of homes, with its fine location, good water and healthful conditions. Carson City is regarded as one of the most progressive cities in the state and is making rapid strides in improvement. The Nevada State Prison, with interesting prehistoric footprints in its rock floors, the leading Indian basket industry in the West, railroad shops, magnificent state library, Stewart Indian Institute close at hand, Lake Tahoe at its back door, and good roads leading to every point of the compass are a few of the factors that contribute to the building of the city.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.  
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**EVERY STORE** should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

## IT PAYS

*To be prominently displayed*

To let the people know WHO you are, WHERE you are and WHAT you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so CONSTANTLY used as the —  
City Directory.

When You See  
**OUR NAME**

ON A

**CITY DIRECTORY**

You Can

**BE ASSURED**

**That it Means**

- 1st—Every effort has been made to obtain accurate information.
- 2nd—The information therein is the latest obtainable.
- 3rd—The advertising department is an excellent representation of the best commercial life of the city.
- 4th—It is the most complete catalogue of the city published.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

## All members of this association have subscribed to the following STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

**\$100.00 REWARD** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

## *The City Directory*

*places the city on the map and  
 is its only representative  
 to the world beyond  
 its own gates*

It is the city's catalog of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.
