INTRODUCTION

R. L. POLK & CO., publishers of the Reno City Directory, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this the 1937 edition of the Reno Directory, which also includes directories of Sparks, Carson City and Washoe County, together with a directory of the rural free delivery box holders on routes which are pivotal from the Reno Post Office.

Confidence in the continued growth of Reno's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Reno and Washoe County to the world.

The enviable place occupied by Polk's directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Reno City Directory will fulfill its mission as a source of authentic information pertaining to the community.

Population

The estimated population of Reno is 22,874, based on the number of individuals' names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent which is part of the city, as far as business and social life are concerned, is included in the directory. The population of Sparks is estimated at 4,680 and of Carson City at 2,016.

Seven Major Departments

The several essential departments are arranged in the following order:

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Reno is included in pages 21 to 264. A similar list for Sparks is contained in pages 349 to 392, and for Carson City, pages 409 to 432.

THE DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES, AND STREET AND AVENUE GUIDE for Reno covers pages 265 to 348. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. Home property ownership is indicated by the character (o), placed immediately after the name of the householders. A similar guide for Sparks is contained in pages 393 to 408.

THE WASHOE COUNTY DIRECTORY, including the small towns of the county, arranged in alphabetical order, covers pages 433 to 440.

THE BUYERS' GUIDE, opposite page 440, printed on tinted paper, contains the advertisements of leading manufacturing, business and profes-

sional interests of Reno and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like the Reno district, the necessity of having this kind of information immediately available, is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 441 to 530. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily dongs of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE RURAL ROUTES DIRECTORY, pages 531 to 544, includes the box holders on the rural routes served by the Reno Post Office.

THE NUMERICAL TELEPHONE DIRECTORY for Reno and Sparks is given in pages 545 to 608.

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Reno and vicinity, for business men, everywhere, realize that the city directory represents a community as it really is.

The Reno Directory Library

Through the courtesy of the publishers of the Reno City Directory, a Directory Library is maintained in the offices of the Reno Chamber of Commerce, for free reference by the general public. This is one of the 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

RENO, NEVADA

"The Biggest Little City in the World"

NEVADA'S FAMOUS METROPOLIS

Reno is the county seat of Washoe County, which according to the 1930 Census has a population of 27,158 people, and is the metropolis of the State of Nevada. The city is situated on the banks of the Truckee River, on the eastern slope of the Sierra Nevada Mountains at an elevation of 4,500 feet above sea level. San Francisco is 244 miles to the west, Salt Lake City 539 miles to the east, Los Angeles 485 miles to the south and Portland 631 miles to the north. The Southern Pacific Company, the Western Pacific Railroad and the Virginia and Truckee Railway give daily service to and from Reno. Carson City, the capital of the State of Nevada, is 30 miles to the south, and 21 miles to the southeast is Virginia City, the home of the famous Comstock Lode.

Reno was settled in 1858 by eastern emigrants who had started to California, but seeing fertile lands in the Truckee Meadows, with the high Sierra mountains between them and California, settled in the seclusion of the valley. In 1869 it was incorporated and in 1901 chartered as a city.

Reno's industrial plants produce the following commodities: packing house products (meat), confectionery, flour and cereals, brick, tile and clay products, ice cream, soap and soap powders, bakery products, lumber products, dairy products, ice, beverages and beer, cement blocks, machinery and castings, cigars, auto glass, mirrors, leather goods, sheet metals, jewelry, marble and granite products, auto tops, mattresses and radiators. The city is in a farming, mining, stock raising and timber region, is the shipping center of the state, and is an important point for a vast territory covering Northern California and the greater part of Nevada.

Reno is the center of the highway system of Nevada and an important diversion point for the entire Pacific Coast and inter-mountain region. U. S. 40 (the Victory Highway) passes through the heart of the city and U. S. 50 connects with the main highway to Reno at a point 55 miles east of the community. These two transcontinental routes are fully improved across the State of Nevada for a distance of over 400 miles on each route, the entire mileage being paved. The city is located on U. S. Route 395 (The Three Flags Highway) an international route running north and south embracing Canada, Mexico and the States of Washington, Oregon, California and Nevada. It is the northern terminal of Nevada's north and south Bonanza Highway extend-

ing from Reno to Las Vegas and Boulder City, headquarters of the Boulder Dam project.

The University of Nevada, which ranks high among the colleges of the United States and noted for its Mackay School of Mines, is located in this city.

The population of Reno was 18,529 according to the Federal Census in 1930, which included only the residents within the corporate limits. This represents an increase of 53.9 per cent over the 1920 population.

The civic government is vested in a mayor and city council of six members all of whom are elected by the people.

The principal public buildings are a Federal Post Office building housing the post office and various government agencies, twelve churches, the Nevada State Hospital for Mental Diseases, educational buildings at the University of Nevada, the Washoe County Court House, the Washoe County Library Building, State Agricultural College and Experiment Station, Normal School, City Administration Building, nine public schools and two kindergartens, social clubs and fraternal society buildings, two bank buildings and a County General Hospital.

Reno is a live, enterprising city with all modern improvements. Twenty miles (air line forty-five by fine highways) to the west is Lake Tahoe, the gem lake of the Continent.

Thirty miles to the east is Pyramid Lake, a picturesque lake situated on an Indian reservation.

One hour drive to the Feather River country, situated in the big pines of California.

An easy day's drive to Yosemite National Park over the far-famed Tioga Pass.

Within a few miles of Reno are Bower's Mansion, Lawton Springs, Moana Springs, Reno and Steamboat Springs where there is bathing the year round due to the development of hot water springs of volcanic origin.

Reno is the city with the most enjoyable climate in the world, where the sun shines every day in the year and sickness is banished. Four distinct seasons. Winters are short, moderately cold, while nearby snow areas offer winter sports of every description to visitors. Reno is noted for sunshine and beauty. In summers the days are moderately warm and balmy, while the nights are delightfully cool and refreshing.

The Reno Chamber of Commerce

The Reno Chamber of Commerce is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the city and had its inception in a desire to promote growth in home building, in manufacturing industries, in civic importance and in commercial importance.

Reno, "The Biggest Little City in the World." Located in the Truckee meadows in the center of a rich agricultural district.

Five City Parks—Powning Park, Wingfield Park, public tennis courts and children's playground. Idlewild Park, artificial lake, boating and swimming in summer and ice skating in winter. This park contains approximately 48 acres located on the south bank of the Truckee River. Whittacre Park, children's playground. Evans Park and city ball ground.

University of Nevada—Mackay School of Mines and Mackay Field. Modern public schools system.

Washoe County Golf Course, located two miles southwest of Reno on Arlington Road, is one of the finest publicly owned golf courses in the West. This 6,500 yard eighteen hole championship all-grass greens, tees and fairways course was built in 1936 by Washoe County with the aid of W.P.A. funds and labor. Modern clubhouse with commanding view of valley below.

United Air Field—Operated by United Air Lines, Transcontinental air route field, daily mail and passenger service.

Distribution—Reno is the metropolis and financial center of Nevada and that portion of Northeastern California lying east of the Sierras. It is also a large distributing center for this territory. The city's trade territory extends as follows:

North—270 miles to Lakeview, Oregon.

Northwest—168 miles to Westwood, California.

West—97 miles to Paxton, California, on the Western Pacific Railroad.

West—50 miles to Summit, California, on the Southern Pacific Railroad.

East—313 Miles to Elko, Nevada, on the Southern Pacific and W.P. Rys.

South—46 miles to Minden, Nevada, on the Virginia & Truckee Railway.

Southeast—21 miles to Virginia City, Nevada, on the Virginia & Truckee Railroad.

South—270 miles to Goldfield, Nevada.

South—125 miles to points on the Nevada Copper Belt Railroad.

South—265 miles to Laws, California, on the Southern Pacific Railroad.

Pyramid Lake—Scenic—fine fishing. Indian reservation. Located about 30 miles northeast of Reno. Distance to Sutcliffe on western shore of lake 45 miles by highway and 62 miles by railroad.

Spanish Springs Valley—Ancient Indian writings. Located about 12 miles northeast of Reno by highway.

Truckee River points (West of Reno)—Fine troutfishing. Good fishing between Reno and the Nevada-California State line 13 miles.

Sparks—Southern Pacific Company railroad shops and division point. Two and one-half miles east of Reno. Population 4,217.

Steamboat and Reno Springs—Natural hot springs and geysers. One of the largest open air swimming tanks in the west. Highly recommended for medicinal purposes, 11 miles south of Reno.

Bowers Mansion—Relic of old Comstock days. Open air bathing resort and picnic grounds, 20 miles south of Reno.

Carson City, State Capitol—State Capitol Building, Soldiers' Memorial Building, United States Mint Building, Federal Building, Nevada State Prison (prehistoric foot prints), State Orphans' Home, 31 miles south of Reno.

Stewart Indian School—Educational institution operated by the United States Government for Indian children. Fine buildings and beautiful grounds, 34½ miles south of Reno.

Minden and Gardnerville (Carson Valley)—“The Garden Spot of Nevada.” Rich agricultural valley, 46 miles south of Reno.

Virginia City, Gold Hill and Silver City—Old Comstock Lode, mines still in operation. Has produced \$700,000,000.00 in gold and silver. Mines drained by Sutro Tunnel six miles long. Reached by good road about 21 miles from Reno over famous Geiger Grade or via Carson City 52 miles. Fourteen miles from Virginia City has been discovered ancient Mongolian writings.

The City Directory

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions, recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

**POLK'S
 RENO**

Directory of Householders
Occupants of Office Buildings and Other Business Places
 Including a Complete
Street and Avenue Guide
1937

Copyright, 1937, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets follow the Alphabetical Streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

TRADE! You like

to patronize those concerns who
are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such fundamentals as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

POLK'S SPARKS

Directory of Householders

Occupants of Office Buildings and Other Business Places

INCLUDING A COMPLETE

Street and Avenue Guide

1937

Copyright, 1937, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

NAMES APPEARING IN BOLD TYPE —

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public. **PATRONIZE THEM.**

LOCATING MISSING HEIRS

FINDING LOST PERSONS

This is only one of the many offices that the modern directory successfully fills.

The directories of the United States form a perpetual inventory of the human element of the nation as well as the business activities.

Police Departments, the country over, rely upon directory information for the location of lost persons. Lawyers and executors of estates are likewise dependent on the information that these "city catalogs" contain.

Real Estate buyers and agents have multitude occasions to refer to the pages of directories of other cities in order that they may have detailed and authentic information on parcels of land and subdivisions in which they have a personal or business interest.

Credit managers have unlimited use for the pages of the modern directory, as have collection managers and agencies.

The uses of the city directory are legion; the information is authentic and the manufacturers and companies that are represented therein are reputable and dependable.

The City Directory

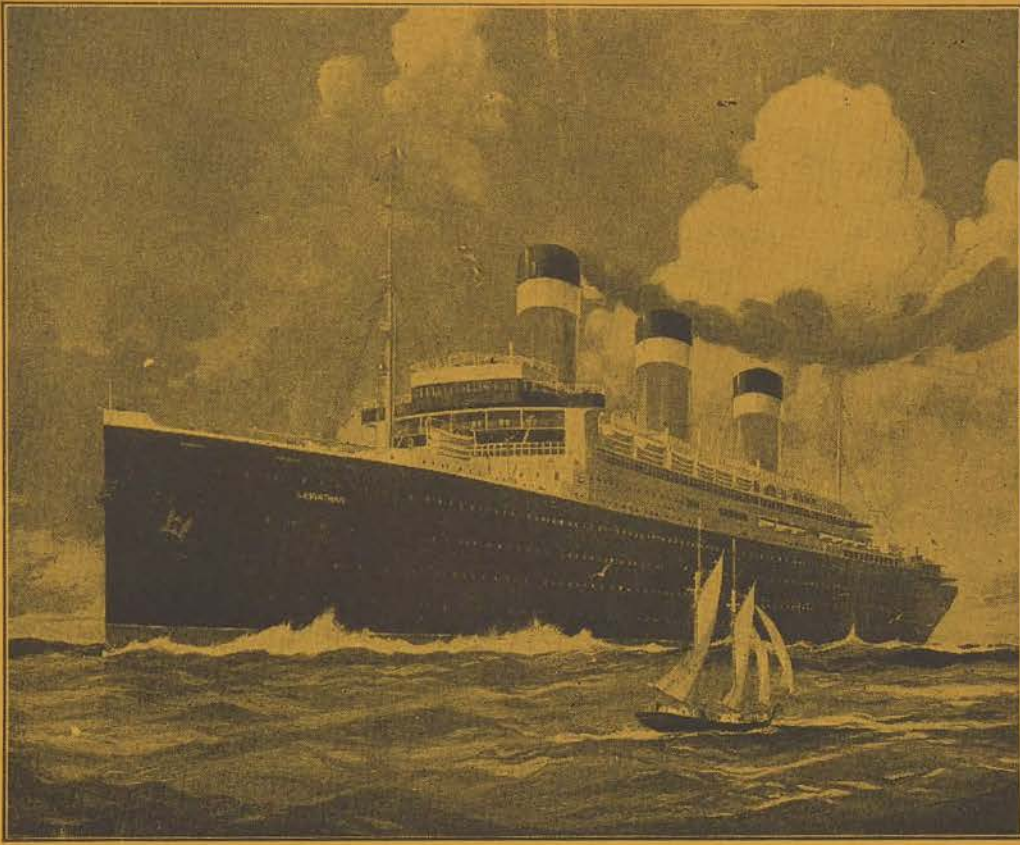

*PLACES THE CITY ON THE MAP AND IS ITS
ONLY REPRESENTATIVE TO
THE WORLD BEYOND
ITS OWN GATES*

It is the city's catalog of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

When You Borrow a Directory

You are not only stealing a little of your friend's valuable time but you are using a portion of his capital for your business. You are wasting some of your time, and you miss the satisfaction of the man who stands on his own feet. Better buy your Directory.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Your City Directory

Should be Trade Marked

Enables buyer to meet seller

Renders a public service

Veritable Text-book of local facts

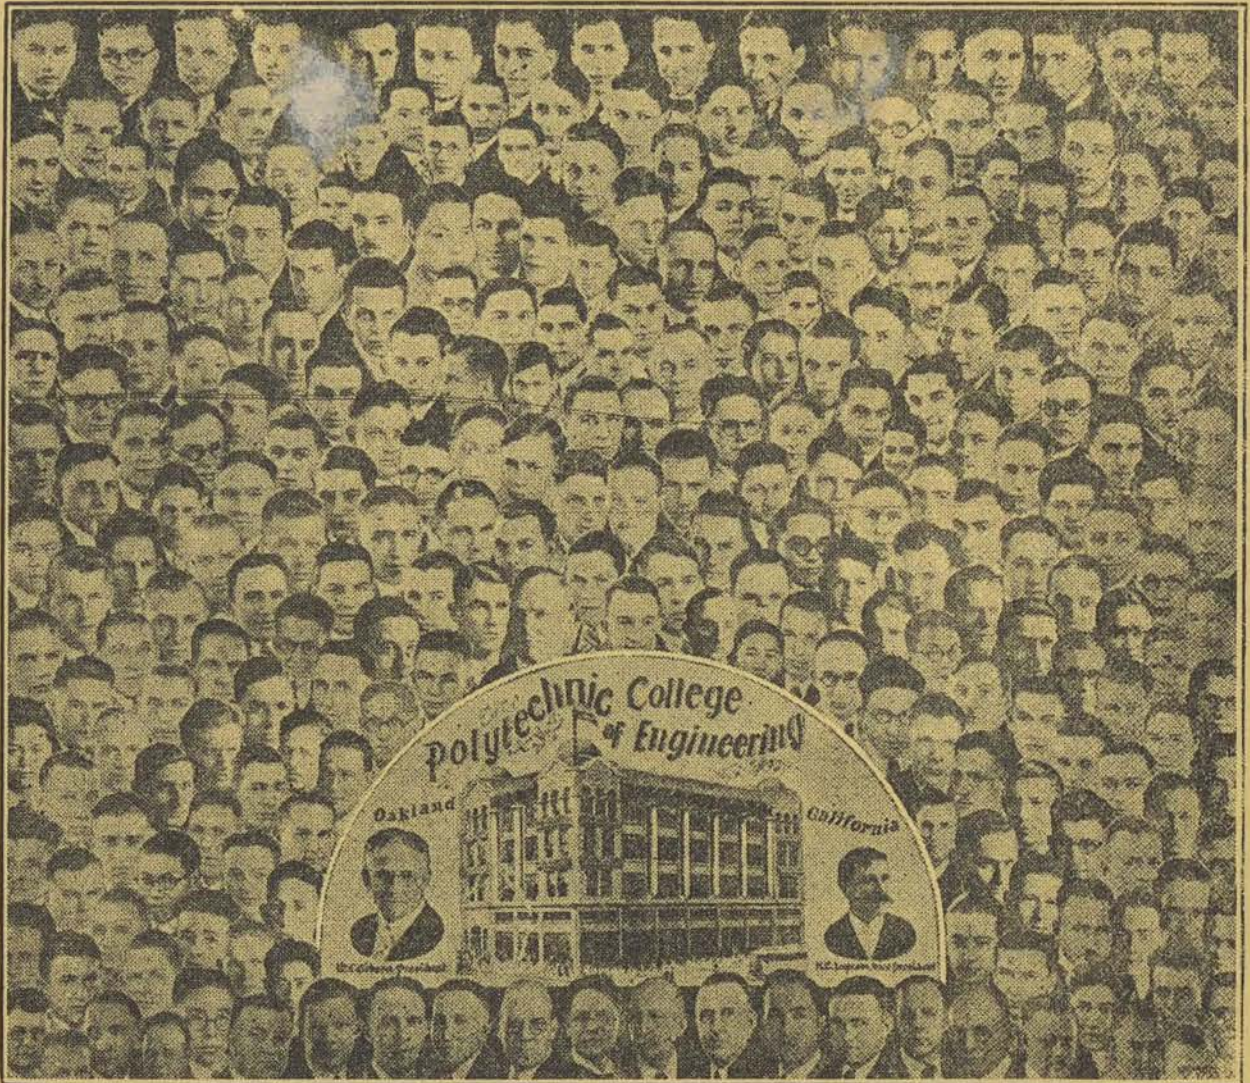

Emphasizes, increases and insures
your business

Serves many millions

Yields a valuable public service

Offers guide to buyer and seller

Unsolicited testimonials prove its
worth
