SIERRA PACIFIC POWER COMPANY

**Supplies over 20,000 Customers with
ELECTRIC, GAS AND WATER SERVICE**

Electricity —

- - - is developed from five hydro-electric plants to supply the communities of Reno, Sparks, Carson City, Virginia City, Minden, Yerington, Lovelock, Hazen, Nevada; Truckee, Portola, Lake Tahoe, California. A Diesel plant supplies the town of Battle Mountain, Nevada, with service. An interconnecting transmission line with the Pacific Gas and Electric Company makes available 12,000 h.p. additional.

Gas —

- - - is manufactured from crude oil and distributed to the cities of Reno and Sparks under high pressure. Large storage capacity insures adequate service at all times.

Water —

- - - pure and cold from the high Sierra Nevada Mountains is supplied to the cities of Reno and Sparks. Two deep wells supply additional water during low water periods. Bacteriological examinations are made twice a week which insure and protect the consumer.

INTRODUCTION

R. L. POLK & CO., publishers of the Reno City Directory, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this the 1938 edition of the Reno Directory, which also includes directories of Sparks, Carson City and Washoe County, together with a directory of the rural free delivery box holders on routes which are pivotal from the Reno Post Office. A new feature in this volume is the inclusion of the symbol Δ in the Householders list denoting location of telephones.

Confidence in the continued growth of Reno's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Reno and Washoe County to the world.

The enviable place occupied by Polk's directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Reno City Directory will fulfill its mission as a source of authentic information pertaining to the community.

Population

The estimated population of Reno is 23,598, based on the number of individuals' names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent which is part of the city, as far as business and social life are concerned, is included in the directory. The population of Sparks is estimated at 4,800 and of Carson City at 2,160.

Seven Major Departments

The several essential departments are arranged in the following order:

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Reno is included in pages 21 to 252. A similar list for Sparks is contained in pages 333 to 376, and for Carson City, pages 393 to 414.

THE DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES, AND STREET AND AVENUE GUIDE for Reno covers pages 253 to 332. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. Home property ownership is indicated by the character (o), placed immediately after the name of the householders. The symbol Δ preceding name denotes householders and places of business having telephones. A similar guide for Sparks is contained in pages 377 to 392.

THE WASHOE COUNTY DIRECTORY, including the small towns of the county, arranged in alphabetical order, covers pages 415 to 420.

THE BUYERS' GUIDE, opposite page 420, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Reno and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like the Reno district, the necessity of having this kind of information immediately available, is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 421 to 504. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE RURAL ROUTES DIRECTORY, pages 505 to 518, includes the box holders on the rural routes served by the Reno Post Office.

THE NUMERICAL TELEPHONE DIRECTORY for Reno and Sparks is given in pages 519 to 566.

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Reno and vicinity, for business men, everywhere, realize that the city directory represents a community as it really is.

The Reno Directory Library

Through the courtesy of the publishers of the Reno City Directory, a Directory Library is maintained in the offices of the Reno Chamber of Commerce, for free reference by the general public. This is one of the 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO., Publishers

Reno Statistical Review

SLOGAN: "The Biggest Little City in the World."

FORM OF GOVERNMENT: Mayor and City Council (Wards).

POPULATION: 23,000 (estimated). Predominating nationalities other than native born, Italian, Canadian, English, Danish, Irish, German, and French.

AREA: Four square miles.

ALTITUDE: Four thousand five hundred feet.

ASSESSED VALUATION: 1937, \$21,776,740.

PARKS: Six, with an area of sixty-eight acres.

CITY BONDED DEBT: 1937, \$892,786.

TELEPHONES IN SERVICE: 8,500.

ELECTRICITY, GAS AND WATER CONSUMERS: 9,144 electric meters installed, 2,100 gas meters installed, 6,434 water consumers.

EDUCATION: Number of schools, 15, including kindergarten, grade and Junior highs, high school, business colleges, Catholic School and the University of Nevada. There are 3,595 pupils in the public schools and the University of Nevada has an enrollment of 1,099 students.

VOLUMES IN WASHOE COUNTY LIBRARY: 60,955.

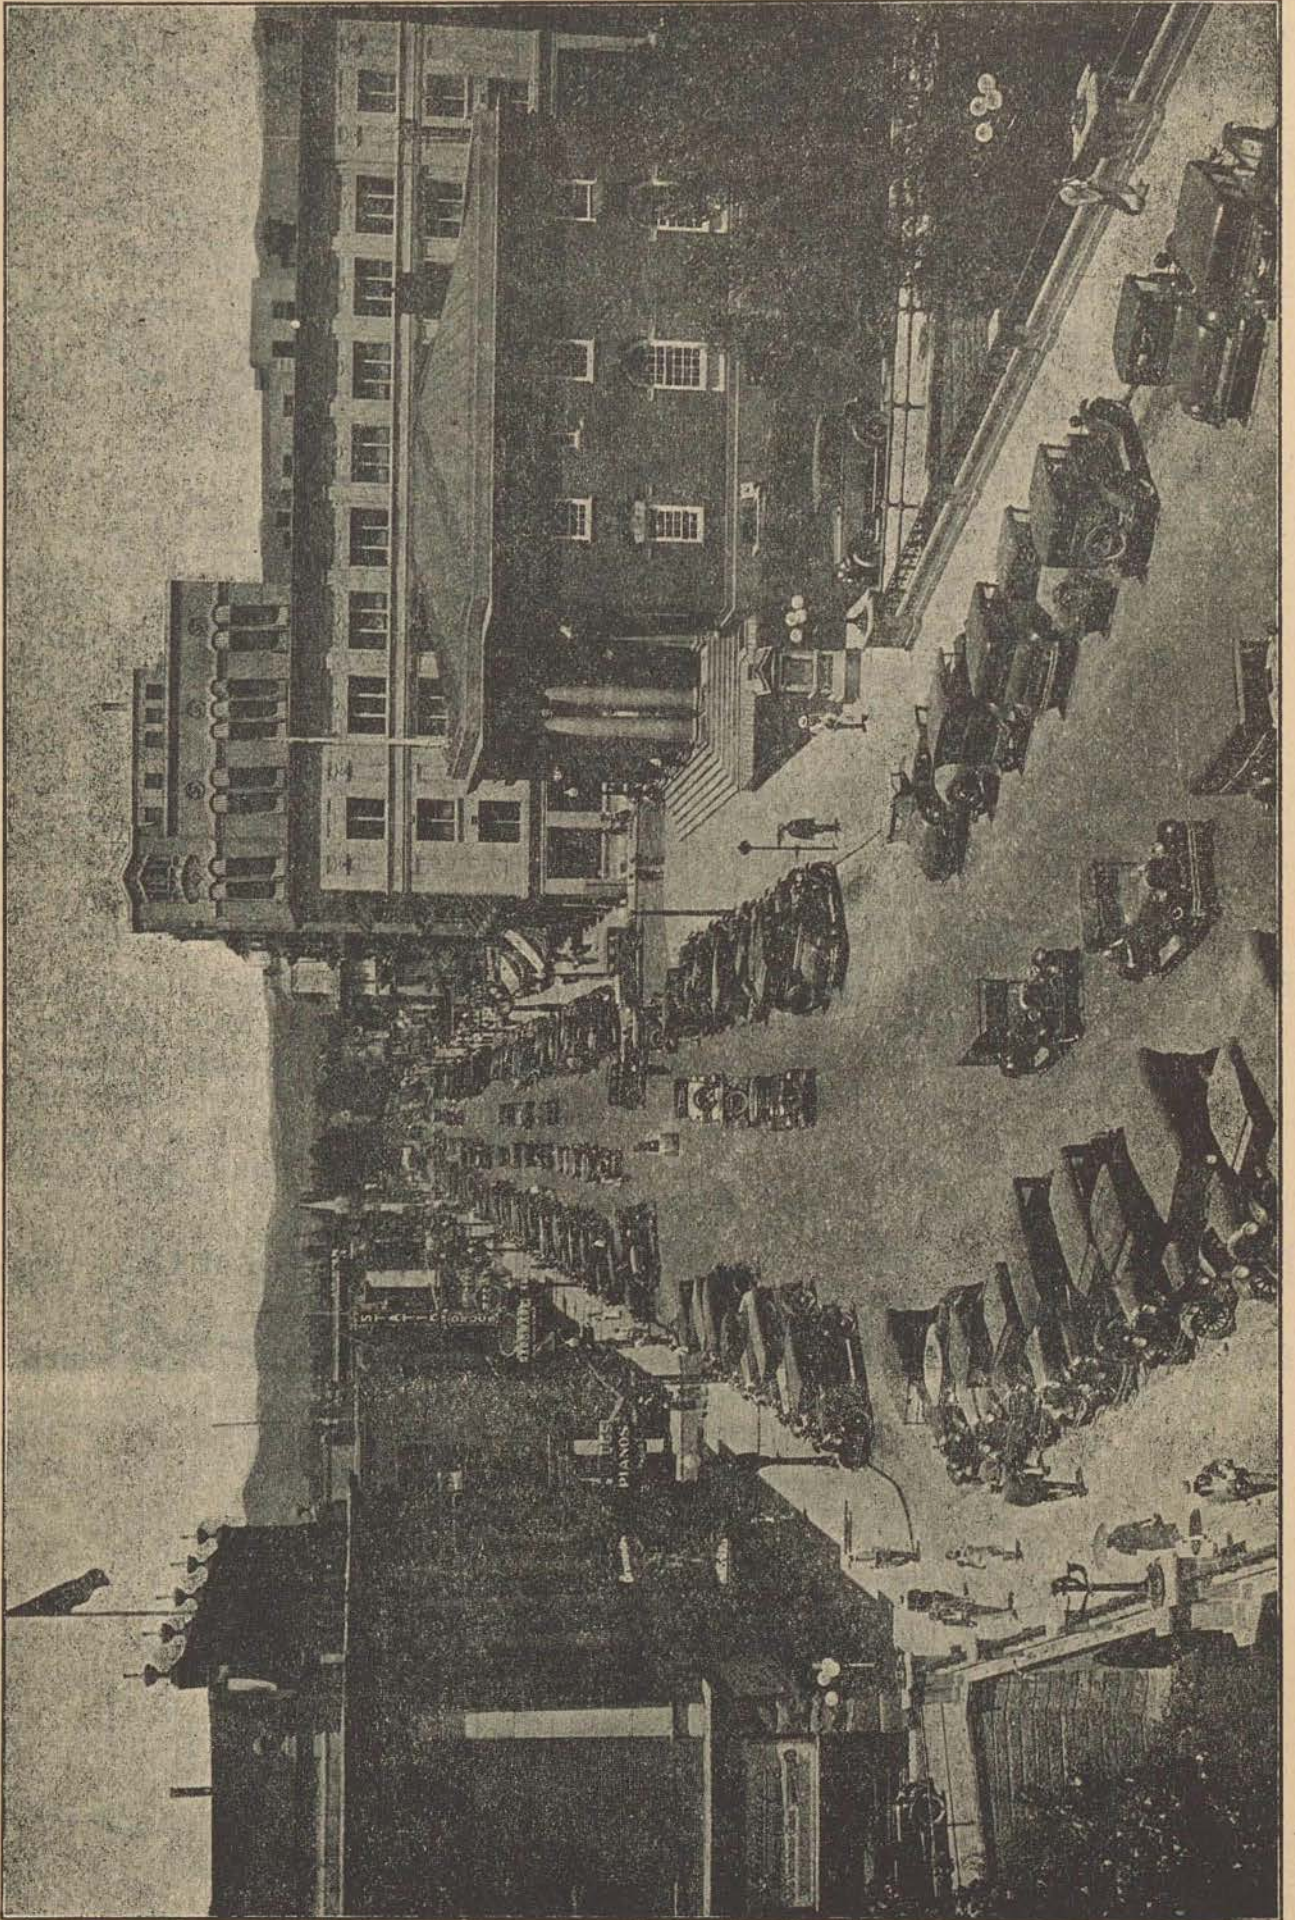

CITY STATISTICS: Total street mileage, 74.8, with 42.5 miles of paved avenues. There are 50.25 miles of gas mains laid and 53 miles of sewers. The capacity of the city's reservoirs is 74,773,200 gallons, while the combined capacity of two deep wells is 8,750,000 gallons per day with a total of 91.55 miles of water mains. The fire department employs 35 men with the following equipment: 1-100 gallon pump and hose; 1-1000 gallon pump hose and chemical; 1-1000 gallon pump; 1-100 gallon booster tank and hose; 1-750 gallon pump; 1-80 gallon booster tank and hose; 1 hose and chemical and 1-85 foot aerial truck. Police department has 27 men with one station and eleven pieces of motor equipment, including eight automobiles seven of which are equipped with radios, one ambulance and two motorcycles; they have thirteen call boxes and a red light signal system.

BANKING: There is one bank, The First National Bank of Nevada, with one branch; it also operates branches in Carson City, Elko, Fallon, Sparks, Tonopah, Winnemucca and Yerington, Nevada, and will maintain a seasonal bank at Tahoe City, Lake Tahoe, California, during the summer months. The total resources for the Reno banks as of January 1, 1937, amounted to \$22,497,945.21. Total deposits \$15,219,284.81. Total individual debits for the year 1936 amounted to \$120,683,000.00.

POSTAL RECEIPTS: Year 1936, \$208,791.84, or an increase of 12.17 per cent over the total for 1934.

BUILDING PERMITS: Year 1937, 641 permits valued at \$1,332,777 of which \$1,016,928 was for new construction.

A STREET IN THE CENTER OF RENO'S BUSINESS DISTRICT

RENO, NEVADA

"THE BIGGEST LITTLE CITY IN THE WORLD"

NEVADA'S FAMOUS METROPOLIS

Reno is the county seat of Washoe County, which according to the 1930 Census has a population of 27,158 people, and is the metropolis of the State of Nevada. The city is situated on the banks of the Truckee River, on the eastern slope of the Sierra Nevada Mountains at an elevation of 4,500 feet above sea level. San Francisco is 244 miles to the west, Salt Lake City 539 miles to the east, Los Angeles 485 miles to the south and Portland 631 miles to the north. The Southern Pacific Company, the Western Pacific Railroad and the Virginia and Truckee Railway give daily service to and from Reno. Carson City, the capital of the State of Nevada, is 30 miles to the south, and 21 miles to the southeast is Virginia City, the home of the famous Comstock Lode.

Reno was settled in 1858 by eastern emigrants who had started to California, but seeing fertile lands in the Truckee Meadows, with the high Sierra mountains between them and California, settled in the seclusion of the valley. In 1869 it was incorporated and in 1901 chartered as a city.

Reno's industrial plants produce the following commodities: packing house products (meat), confectionery, flour and cereals, brick, tile and clay products, ice cream, soap and soap powders, bakery products, lumber products, dairy products, ice, beverages and beer, cement blocks, machinery and castings, cigars, auto glass, mirrors, leather goods, sheet metals, jewelry, marble and granite products, auto tops, mattresses and radiators. The city is in a farming, mining, stock raising and timber region, is the shipping center of the state, and is an important point for a vast territory covering Northern California and the greater part of Nevada.

Reno is the center of the highway system of Nevada and an important diversion point for the entire Pacific Coast and inter-mountain region. U. S. 40 (the Victory Highway) passes through the heart of the city and U. S. 50 connects with the main highway to Reno at a point 55 miles east of the community. These two transcontinental routes are fully improved across the State of Nevada for a distance of over 400 miles on each route, the entire mileage being paved. The city is located on U. S. Route 395 (The Three Flags Highway) an international route running north and south embracing Canada, Mexico and the

Wonderland*

**THE RECREATIONAL CENTER
OF AMERICA**

States of Washington, Oregon, California and Nevada. It is the northern terminal of Nevada's north and south Bonanza Highway extending from Reno to Las Vegas and Boulder City, headquarters of the Boulder Dam project.

The University of Nevada, which ranks high among the colleges of the United States and noted for its Mackay School of Mines, is located in this city.

The population of Reno was 18,529 according to the Federal Census in 1930, which included only the residents within the corporate limits. This represents an increase of 53.9 per cent over the 1920 population.

The civic government is vested in a mayor and city council of six members all of whom are elected by the people.

The principal public buildings are a Federal Post Office building housing the post office and various government agencies, twelve churches, the Nevada State Hospital for Mental Diseases, educational buildings at the University of Nevada, the Washoe County Court House, the Washoe County Library Building, State Agricultural College and Experiment Station, Normal School, City Administration Building, nine public schools and two kindergartens, social clubs and fraternal society buildings, two bank buildings and a County General Hospital.

Reno is a live, enterprising city with all modern improvements. Twenty miles (air line, forty-five by fine highways) to the west is Lake Tahoe, the gem lake of the Continent.

Thirty miles to the east is Pyramid Lake, a picturesque lake situated on an Indian reservation.

One hour drive to the Feather River country, situated in the big pines of California.

An easy day's drive to Yosemite National Park over the far-famed Tioga Pass.

Within a few miles of Reno are Bowers Mansion, Lawton Springs, Moana Springs, Reno and Steamboat Springs where there is bathing the year round due to the development of hot water springs of volcanic origin.

Reno is the city with the most enjoyable climate in the world, where the sun shines every day in the year and sickness is banished. Four distinct seasons. Winters are short, moderately cold, while nearby snow areas offer winter sports of every description to visitors. Reno is noted for sunshine and beauty. In summers the days are moderately warm and balmy, while the nights are delightfully cool and refreshing.

The Reno Chamber of Commerce

The Reno Chamber of Commerce is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the city and had its inception in a desire to promote growth in home building, in manufacturing industries, in civic importance and in commercial importance.

Reno, "The Biggest Little City in the World." Located in the Truckee meadows in the center of a rich agricultural district.

Five City Parks—Powning Park, Wingfield Park, public tennis courts and children's playground, Idlewild Park, artificial lake, boating and swimming in summer and ice skating in winter. This park contains approximately 48 acres located on the south bank of the Truckee River. Whittacre Park, children's playground. Evans Park and city ball ground.

University of Nevada—Mackay School of Mines and Mackay Field. Modern public schools system.

Washoe County Golf Course, located two miles southwest of Reno on Arlington Road, is one of the finest publicly owned golf courses in the West. This 6,500 yard eighteen hole championship all-grass greens, tees and fairways course was built in 1936 by Washoe County with the aid of W.P.A. funds and labor. Modern clubhouse with commanding view of valley below.

United Air Field—Operated by United Air Lines, Transcontinental air route field, daily mail and passenger service.

Distribution—Reno is the metropolis and financial center of Nevada and that portion of Northeastern California lying east of the Sierras. It is also a large distributing center for this territory. The city's trade territory extends as follows:

North—270 miles to Lakeview, Oregon.

Northwest—168 miles to Westwood, California.

West—97 miles to Paxton, California, on the Western Pacific Railroad.

West—50 miles to Summit, California, on the Southern Pacific Railroad.

East—313 miles to Elko, Nevada, on the Southern Pacific and W. P. Rys.

South—46 miles to Minden, Nevada, on the Virginia & Truckee Railway.

Southeast—21 miles to Virginia City, Nevada, on the Virginia & Truckee Railway.

South—270 miles to Goldfield, Nevada.

South—125 miles to points on the Nevada Copper Belt Railroad.

South—265 miles to Bishop, California.

Pyramid Lake—Scenic—fine fishing. Indian reservation. Located about 30 miles northeast of Reno. Distance to Sutcliffe on western shore of lake 45 miles by highway and 62 miles by railroad.

Spanish Springs Valley—Ancient Indian writings. Located about 12 miles northeast of Reno by highway.

Truckee River points (West of Reno)—Fine trout fishing. Good fishing between Reno and the Nevada-California State line 13 miles.

Sparks—Southern Pacific Company railroad shops and division point. Two and one-half miles east of Reno. Population 4,217.

Steamboat and Reno Springs—Natural hot springs and geysers. One of the largest open air swimming tanks in the west. Highly recommended for medicinal purposes, 11 miles south of Reno.

Bowers Mansion—Relic of old Comstock days. Open air bathing resort and picnic grounds, 20 miles south of Reno.

Carson City, State Capitol—State Capitol Building, Soldiers' Memorial Building, United States Mint Building, Federal Building, Nevada State Prison, (prehistoric foot prints), State Orphans' Home, 31 miles south of Reno.

Stewart Indian School—Educational institution operated by the United States Government for Indian children. Fine buildings and beautiful grounds, 34½ miles south of Reno.

Minden and Gardnerville (Carson Valley)—“The Garden Spot of Nevada.” Rich agricultural valley, 46 miles south of Reno.

Virginia City, Gold Hill and Silver City—Old Comstock Lode, mines still in operation. Has produced \$700,000,000.00 in gold and silver. Mines drained by Sutro Tunnel six miles long. Reached by good road about 21 miles from Reno over famous Geiger Grade or via Carson City 52 miles. Fourteen miles from Virginia City has been discovered ancient Mongolian writings.

Names Appearing in Bold Type

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

RENO HOUSEHOLDERS' DIRECTORY (1938)

253

POLK'S RENO

Directory of Householders

Occupants of Office Buildings and Other Business Places
INCLUDING A COMPLETE

Street and Avenue Guide 1938

Copyright, 1938, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the named streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol Δ preceding name denotes householders and places of business having telephones.

IT PAYS

To Be Prominently Displayed

To let the people know WHO you are, WHERE you are and WHAT you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so CONSTANTLY used as the —

City Directory.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

SPARKS HOUSEHOLDERS' DIRECTORY (1938)

377

POLK'S SPARKS

Directory of Householders

Occupants of Office Buildings and Other Business Places

Including a Complete

Street and Avenue Guide

1938

Copyright, 1938, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information that that shown.

The symbol Δ preceding name denotes householders and places of business having telephones

Names Appearing in Bold Type . . .

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

HOW TO USE THIS DIRECTORY

To get the most good from this Directory you must know what it contains and how to use it. You cannot get this knowledge by glancing hastily through the book, and assuming that your mind grasps a full idea of its contents from the name. Read the Title Page, Front of Book.

THE PUBLISHERS

Polk's Bankers Encyclopedia

MOST CONVENIENT AND COMPLETE BANK DIRECTORY

Arranged in one volume with sections devoted to United States and possessions, Canada and Banking Laws and other banks throughout the world not listed in the sections devoted to United States and Canada.

Contains lists of banks with bank statements, bank officers, bank directors, investment dealers, stock exchange members and bank attorneys.

Some other reference features include data concerning Federal Reserve System, Federal Deposit Insurance Corporation, Farm Credit Administration, Joint Stock Land Banks, National and State Bank Examiners, Airmail Schedules, Postage Rates, Clearing House Figures and other statistical tables.

Accessibility of information, maintained up-to-date by new, merged and closed bank supplements, coupled with durable, convenient indexing makes it the outstanding publication of its kind in the field.

PUBLISHED SEMI-ANNUALLY in MARCH AND SEPTEMBER

**\$15.00 per copy; \$20.00 in Canada
and foreign countries.**

The City Directory

Does not compete with any other advertising medium, but supplements and complements all other forms of mercantile publicity.

Intelligent Directory Advertising describes desirable merchandise attractively and directs you to the door of the man who has it for sale.

An Up-to-Date City Directory

THIS PUBLICATION IS THE PRODUCT OF A MEMBER OF

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its full-

est use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

Association of North American Directory Publishers

Faculty and students of the Polytechnic College of Engineering, Oakland, California

Polytechnic College of Engineering

THE LEADING SCHOOL OF TECHNOLOGY OF THE WEST

Established in 1898—Chartered to grant Degrees in 1911—Occupies its own buildings and represents an investment of over \$300,000—Complete equipment in shops—Electrical Laboratories—Testing Laboratories, etc.—Was selected to train over 500 World War veterans in rehabilitation work—Faculty composed of leading educators—Specialists in all departments—Graduates employed by largest corporations in the United States.

EVERY BOY A CHANCE FOR SUCCESS

This college appeals to the ambitious youth—to the serious minded—to those who know what real educational opportunity means—to those who want to concentrate and get into real engineering practice in the shortest time consistent with high standard training. **No graduate of this college has failed to make good in scholarship.**

Courses that have won success for our graduates

(Courses in which degrees are granted)

Electrical Engineering
Mechanical Engineering
Aeronautical Engineering
Mining Engineering
Structural Engineering
Civil Engineering
Chemical Engineering
Architectural Engineering
Radio Engineering
Diesel Engineering
Air Conditioning and Refrigeration

(Special Courses in which diplomas are awarded)

Machine shop practice and airplane mechanics
Mechanical and architectural draughting
Special course for electricians
Special courses in surveying
Special structural draughting and estimating
Auto-mechanics and garage practice.
