Dear interested public:

The Ely Field Office BLM has discovered a minor error in one of our grazing term permits. In order to correct this error, we are mailing a corrected copy of the term permit to the grazing permittee for his review and signature. The permittee of record is Duckwater Cattle Company, c/o Mr. Alan Forsgren, Duckwater, Nevada. We are notifying the interested public mailing list for range actions on the Duckwater Allotment for your information.

The said permit should properly include 66 AUMs active permitted use for sheep grazing on the Pancake East Bench Use Area of the Duckwater Allotment, with a season of use as indicated in the table below:

Allotment/ Pasture	Livestock Number/Kind	Grazing Period		% Public Land	Type Use	AUMs
		Begin	End			
Duckwater/ Pancake East Bench	54 Sheep	06/01	11/30	100	Active	66

The current ten year term grazing permit for Duckwater Cattle Company was issued and signed in April of 1996 and covers the period 06/09/1995 - 06/08/2005. This ten year period remains in effect. No other changes are being made to the terms and conditions of this permit. The said 66 AUMs active sheep use should have been included on the term grazing permit when it was issued in 1996, following a *Stipulation for Dismissal of Appeals* grazing agreement reached between BLM and Duckwater Cattle Company for livestock management on the Duckwater Allotment.

If you have any questions regarding this matter, please contact Mark Lowrie, Rangeland Management Specialist, at 775 289-1888.

Sincerely,

Chris Mayer
Acting Assistant Field Manager
