Dear Ms. Lappin:

The Ely District is currently writing an environmental assessment for gathering excess wild horses in the Buck and Bald Herd Area in White Pine County, Nevada.

We would appreciate any information or input you could send us in regards to the existing environment, possible alternative actions, or mitigating measures.

We are considering, as a proposed action, to remove 400 horses between July 15, 1980 and September 30, 1980. The roundup will be contracted and be under BLM supervision.

Enclosed are two maps to help you locate the proposed area. Your comments will be given full consideration.

Sincerely yours,

Neil B. McCleery
District Manager
