Dear Public Land User,

We have scheduled another series of workshops on the Cherry Creek Planning Area in White Pine County. Our January meetings were successful in adding new thoughts and information to our resource inventory. Now, we need your help to resolve resource allocation conflicts which have surfaced.

The workshops are scheduled for March 30, April 6, and April 10 at Lawrence Hall on corner of Mill and Hayes. We want to provide time for everyone to be heard, therefore, we request that you attend the workshop scheduled on Saturday, April 10th which begins promptly at 1:30 p.m. The same items will be discussed at each meeting.

We request that you notify us by March 24th, by phone or letter if you plan on attending this meeting or not. If you would like to attend one of the other meetings instead please let us know.

Our phone number is 289-4865. Mail should be addressed to:

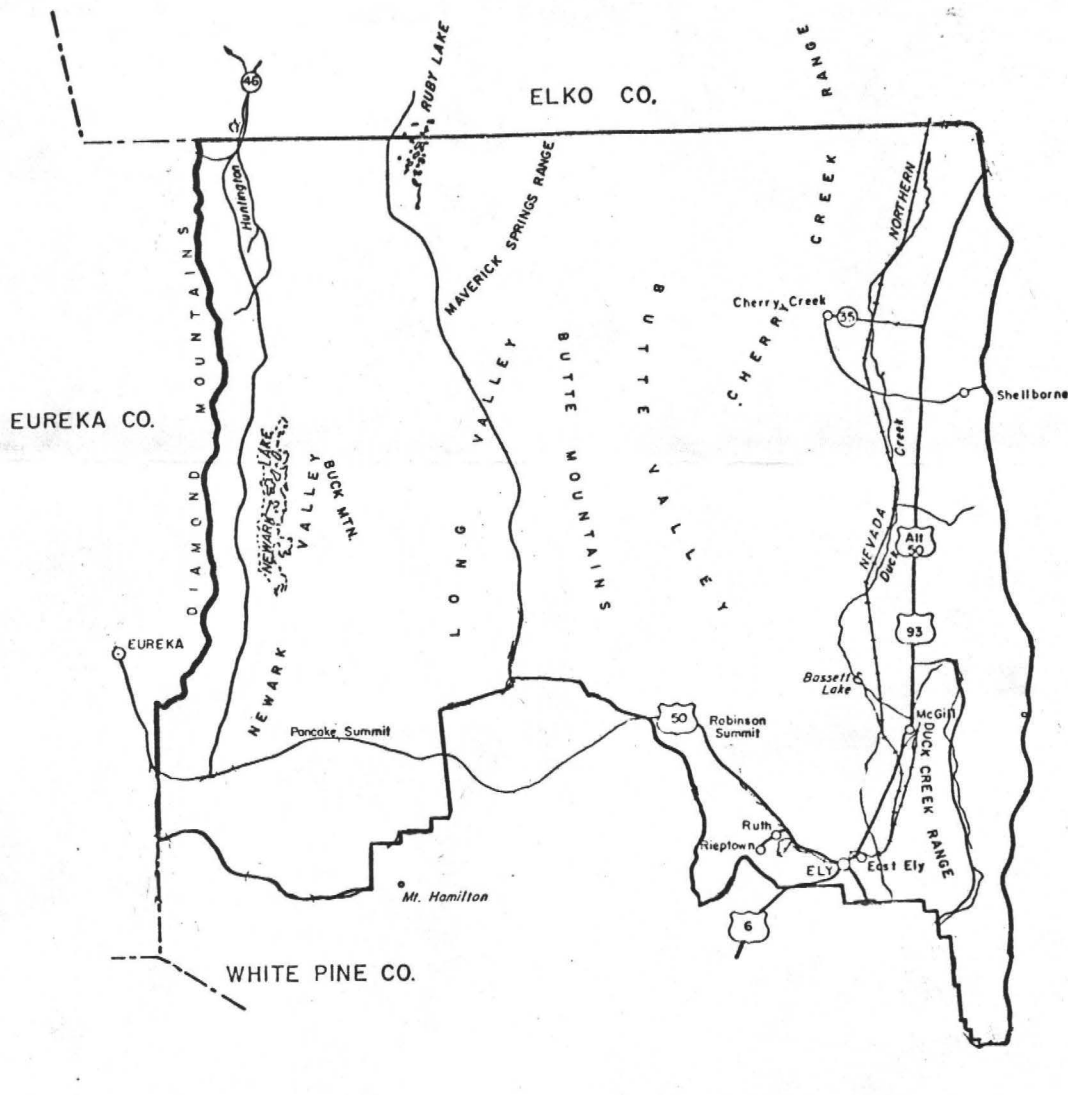

BLM Cherry Creek Unit
Star Route 5, Box 1
Ely, Nevada 89301

Sincerely yours,

E. D. Nelson, Manager
Currant & Cherry Creek Resource Areas

Mr. E. D. Nelson, Manager
Bureau of Land Management
Cherry Creek Unit
Star Route 5, Box 1
Ely, Nevada 89301

Dear Mr. Nelson:

Thank you for your invitation to join in a discussion of land management problems and issues confronting national resourceslands in the Cherry Creek Planning Area. We regret at this time, that none of us can attend in person.

This organization is committed to the welfare of wild horses and burros on the public lands, now required by law to be considered in the area where presently found, as an integral part of the natural system of the public lands. Since they are to be managed in a manner to achieve and maintain a thriving natural ecological balance with other public land users, we respectfully request that their welfare be kept in mind, and that your planning recommendations be aimed toward that goal. We have grave concerns over the commercial over-exploitation that has, in many instances, done irreparable damage to our public land resource, and we trust your planning will result in a curtailment of such commercial over-exploitation, and that public values will be given greater consideration than the economic return to profit-seeking individuals or concerns.

Very sincerely yours,

Dawn Y. Lappin (Mrs.)
Adoption Director
