Mrs. Dawn Y. Lappin, Director
WHOA, Inc.
P. O. Box 555
Reno, NV 89504

Dear Ms. Lappin:

The Winnemucca District recently conducted a pre-removal aerial census of the Black Rock Range-West, Black Rock Range-East and the Warm Springs Canyon Herd areas. The following table shows the results of the census, and is provided for your information.

<u>Area</u>	1987 Estimated Population <u>Horses/Burros</u>	Actual Population Oct. 1987 Census <u>Horses/Burros</u> / <u>1</u>	<u>Difference in Estimated And Actual Herd Population Numbers</u>
Warm Springs Canyon	666/16	550/6	- 126
Black Rock Range - West	585/0	537/0 <u>2/</u>	- 48
Black Rock Range - East	611/0	666/0 <u>2/</u>	+ 55
Total	<u>1862/16</u>	<u>1753/6</u>	<u>-119</u>

1/ Includes both adults and foals.

2/ Combined the Black Rock Range has 1203 horses with a difference in estimated and actual population numbers of + 7.

Four horses (2 mares/2 foals) were found on Paiute Peak that were sore footed. If you have any questions please contact our office.

Sincerely yours,

Robert J. Neary

Mr. Gerald Monk, Acting AM
Bureau of Land Management
705 East 4th St.
Hennemucca, Wv. 89445

Dear Mr. Monk:

Thank you for your letter of September 12, 1989 (NV-023.2 4200). I'm sorry for the delay but a bout of pneumonia waylaid any activities for nearly six weeks.

I am interested in the developments of AMPs in the Sonoma-Gulack area; but only those areas which contain wild horse herd management areas. I am interested in reviewing and commenting on each of the draft AMP's w(horse areas) when they are completed.

Thank you

Maura Y. Lappin
Director - WFOA

September 12, 1989

Dear Interested Party:

The Sonoma-Gerlach Resource Area of the Winnemucca District is in the process of preparing Allotment Management Plans (AMPs) for the Soldier Meadows and Rodeo Creek Allotments.

A part of the consultation and coordination process is to determine who would like to become involved in the development of the AMPs. Your involvement can be by providing any specific allotment information as it pertains to livestock management for the two allotments and/or reviewing and commenting on the Draft AMPs when they are completed.

If you are interested, please submit in writing by October 15, 1989 any information that you have on the allotments and/or identify the allotments that you would want to review and comment on. Based on the amount of public response, we tentatively plan to have a draft copy available for review by early December, 1989.

If you do not have any comments at this time, we will keep you informed of the actions implemented by sending you a copy of our Rangeland Program Summary when updated that will summarize our management actions for the allotments.

If you have any questions, you may contact Paul Jancar or myself at the above addresses or phone 702-623-3676. Thank you for your participation in the management of Public Lands.

Sincerely yours,

Acting Area Manager
Sonoma-Gerlach Resource Area
