At the present time, there are over 2,000 protected wild horses and burros straying from the public lands onto the above described private lands. On several occasions, the BLM has advised that action to reduce the excess horses and burros would be taken; however, since the protective law was passed in 1971, no horses or burros have been removed.

Volume 16 USC§1334 provides:

"If wild free-roaming horses or burros stray from the public lands onto privately owned land, the owners of such land may inform the nearest Federal Marshal or agent of the Secretary, who shall arrange to have the animals removed..."

Under the provisions of said Volume 16 USC§1334, you are hereby advised and informed we wish these protected animals removed from our private land.

Very truly yours,

C-PUNCH CORPORATION

Dear Bob,

This is to let you know that when it is time to run hoses I would like to have you run gather hoses in my allotment. Especially at Black Hat & Rochester.

There are too many and they are becoming a nuisance, especially at weaker springs.

Dear Sir,

I hereby request that you take some action to remove the wild horses from my ~~to~~ privately owned land in the White Horse Allotment.

I do not want to enter into a cooperative agreement with the BLM for the purpose of controlling or capturing these wild horses.

The horses have destroyed much of the hay crop and they have ruined many of the south slopes on my ~~to~~ private lands.
