Dear Mr. and Mrs. Lear:

On March 22, 1999, we received your application to transfer grazing privileges for the McDermid Unit of the Currie Allotment and the Bald Mountain Allotment from Louise Lear to Kay and Mary Kay Lear (see the enclosed map for the allotment locations). Based on the application, we propose to offer a term grazing permit. The term of this permit will be from March 30, 1999 to March 29, 2004. Upon renewal of the base property lease, a new permit would be issued for the term of the lease. If the base property lease is not renewed, the permit will revert back to Louise Lear.

The new grazing regulations require the authorized officer to consult, cooperate, and coordinate (CCC) with affected permittees, the State agencies responsible for managing resources within the area, and the interested public prior to the issuance of grazing permits (43 CFR 4130.2(b)). Therefore, a copy of this letter and a copy of the acceptance form will be sent to anyone who has expressed an interest in the Currie Allotment. **The interested public is being asked to provide comment by April 16, 1999.** You will be notified of any changes to terms and conditions that may be warranted as a result of comments received.

The Currie Allotment is within the Antelope Valley Wild Horse Herd Management Area. The Bald Mountain Allotment is within the Maverick/Medicine Herd Management Area.

If we propose to change the terms and conditions following the comment period, we will keep you and the other interested parties informed. Following the comment period, we will also decide if a proposed decision to offer you a term grazing permit will be needed. If a proposed decision is necessary, it will be sent to the interested public and will include a 15-day period for protest and a 30-day period for appeal after the decision has become final.

The terms and conditions outlined are consistent with the Wells Resource Management Plan and have been analyzed in the Wells Resource Management Plan Environmental Impact Statement.

If you have any questions about this matter, please contact Bruce Thompson, the assigned Rangeland Management Specialist at (702) 753-0200. If you would prefer to discuss this matter in person, please call to set up an appointment with us so that we may respond to any questions you may have.
