To : Associate State Director, Nevada (N-910.1)
Through: Acting Chief, Div. of Resources

Date: October 8, 1974

FROM : Range Conservationist - WH&B

SUBJECT: Proposed Addition to Nevada Wild Horse Range

I have no specific problems with expanding the Nevada Wild Horse Range as proposed. The horses do make extensive use of the area, especially during dry periods.

The proposal will require the concurrence of the Air Force and AEC, and this proposal should be kept separate from the multi-resource proposal now under consideration by various agencies for other portions of the military withdrawal.

I suggest we proceed with the proposal.
