

Portland 7th Aug 1866.
Dear Nellie.

I embrace the opportunity
to add a line to Byron's letter - there
is nothing in particular to write about -
only to remind you of my ever affectionate
regards. Did you have to stay in
quarantine at Panama? I see by
the papers that they have to do so - that
would delay you some ten days, much
against your will - We expect a
telegram in a very few days announcing
your arrival at San Francisco and
so forth.

Nothing has been heard from New
Haven people for a week - we presume
therefore that Alice & the baby are
all right - we are interested to learn
his name - I had a splendid time
after I came back and was very

homesick indeed when I came
to used up Portland - they are
building up fast now - a few years
will make Everything pleasant and
jolly.

Everybody here have made many
Enquiries how you started &c. &c.
you dont know how many friends you
have till you leave them.

We are all anxious to hear of
your safety, and the result of the
meeting with Harry. Tell us all
about the wedding, wont you, sis?

My most brotherly greetings to
Harry and firmest regards to Mr.
Rhodes. Tell us how you liked him
on better acquaintance &c. &c. -

Must go to dinner -
Good bye, sister mine -
Thine, Wash.

bed is flourishing - suppose he writes -

Dear Nellie.

I embrace the opportunity to add a line to Byron's letter -- their is nothing in particular to write about -- only to remind you of my ever affectionate regards. Did you have to stay in quarantine at Panama. I see by the papers that they have to close -- that would delay you some ten days, much against your will. We expect a telegram in a very few days announcing your arrival at San Francisco and so forth.

Nothing has been heard from New Haven people for a week -- we presume therefore that Floe & and the baby are all right. We are interested to learn his name -- I had a splendid time after I came back and was very
