My dear Nellie

how do you do. I am very
sorry to tell you that little
Henry Greely is dead. he died
Saturday night at ten minutes
or so of nine. Mrs Greely feels
very bad indeed she screamed
so ~~so~~ loud that they heard
her up to Mr Burnolds - and
they are going to carry it to
Portland today to put it
in the stave ~~the~~ Mr Greely is so
sick that he cannot go he was
laid out very prettily in a
little casket in a little white
robe with one hand over its
breast it was ~~stolen~~ sick Friday
and died of the Cholera -
infantum and was in a spasm
when it died. When the doctor

Told her that he would
not come out of it ~~she~~
began screaming just as loud
as ^{she} could. Mrs hall has named
her baby ~~after~~ sidney smith
which I do not think is
very pretty. The ~~same~~ young has
got a baby it was born ~~the~~
the 29 of July. The boys call it
the hippotamus because there
was a circus and ~~they~~ ~~heard~~
of hippotamus there. Mrs whit
camp has got a baby, and flora
smith has got a darling little
boy with hair an inch long
they sent a lock of its hair to
us. Mrs young ~~has~~ is a
boy and Mrs Whitesides is a
girl. My ~~birth~~ birthday
Emma gave me a paper doll.
I am taking music lessons
now. Mrs smith says she

things at your every day
are your reviews & like
living up be very much.
I must ~~now~~ go
and practice for I am abroad
I shant have my lesson
so good by Mrs Smith sends
love. Write soon my dear
Kellie.

Good bye
