

Washoe City Aug 28th 1866

Friend Nichols

My name has been mentioned in the papers as a candidate for U S Senator, and indeed I had designed to make a canvass for that place, but upon comparing notes of the expressed wishes of good union men in Esmeralda Douglas Ormsby and Storey counties, and after consultation with my friends in Washoe, I have concluded to take their advice and will present my name to the coming State Convention as a candidate for the Congressional nomination. I need not say how proud and gratified I should be to receive your support in this connection, In any event I would like you in your own way to give publicity through the Appeal to the fact of my candidacy.

Very truly Yours

Thos Fitch
