MONEY TO LOAN ON CATTLE,
RANCHES AND FARMS

SAN ANTONIO, TEXAS, Apr. 7th 1906

Gov. John Sparks,

Georgetown, Texas.

Dear Sir:

If you remember, I was introduced to you in the office of Evans-Snyder-Buel Co., while you were, and as you were busy at that time, I did not have an opportunity to have a talk with you, but after luncheon went to the Menger hoping to see you and found you had left on the noon train. As I know you have a large interest in Bonnie Clare Mining Stock, I was very anxious to have a talk with you about it, as I was in California last summer and winter for my health and while there purchased a small amount of this B. C. Stock, and would have been very glad indeed to discuss the property and its prospects with you. I will thank you and appreciate it if you will write me what you think of the mine and what they are doing with it. Please give me all the information you can about this property and very much oblige.

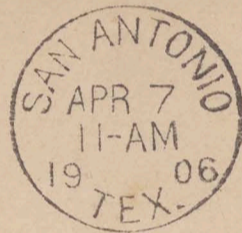

I have been in the cattle business for the last twenty five years and am sorry did not get a chance to talk to you.

Thanking you in advance for an early reply, believe me,

Very respectfully,

D. Dinworth
