Dear Sir

Yours of the 6<sup>th</sup> was received  
some days ago and I presented to  
our Co as soon as I could get them  
together, the very hard winter and  
the fears of loss has caused them  
to wate and hesitate and I presume  
they will do this untill it is to  
late I tell you it tries a mans patience  
to have a lot of men that are so  
afraid to do that they will do nothing

Very truly yours  
C. B. Manville
