Jas Sparks Esq

Dear friend:

We are beginning to plan for a visit to our girls in Europe. Mrs Mackenzie has secured her passage for June 10<sup>th</sup> and expects to spend a much longer time with them this year. We are very much pleased to hear of the remarkable progress that Maud is making in her art studies, and still more pleased to hear of her taking her stand as a Christian woman. It is our plan to keep Jeanie another year in Europe if all is well, not so long in one place

this next year. Now that they  
are able to speak the French  
language they can now about  
a little with profit. At present  
I am planning for a month  
or two in Germany as a vaca-  
tion and then the winter of  
hard study in Italy, espe-  
cially in Florence & Rome. We  
will be very glad to know  
your wishes, and if you should  
be up this way we would be  
still more pleased to have a  
visit with you. Our present  
address is 1822 Pacific  
Avenue, not far from where  
we used to live on Franklin  
St. I sincerely hope that  
you will be able to keep Mary  
one more year in the studies  
she has so eagerly taken up.

Truly yours

Robt Mackenzie
