ASSEMBLY JOINT AND CONCURRENT RESOLUTION, NO. 1. INTRODUCED BY ASSEMBLYMAN VAUGHN. PASSED THE NEVADA LEGISLATURE WITH BUT TWO DISSENTING VOTES.

Whereas, At the present session of Congress the duty on coal has been removed by an almost unanimous vote in deference to universal public opinion,

Resolved, That the Senate and Assembly of Nevada now in session, extends its congratulations to the members of National Congress for applying the remedy to the trust evil suggested by the Hon. William Jennings Bryan, and effecting a breach in the tariff wall which marks the beginning of a new political era and a promise of a return to the Jeffersonian principles of "A tariff for revenue only."

Resolved, That the placing of the necessaries of life and any other article now controlled by the trusts on

the free list meets with the approval of the citizens of Nevada, represented by the Senate and Assembly, as the most effective method yet devised of checking unlawful combinations of trade and halting the greed of monopolies formed in defiance of the natural principles of commerce and the laws of supply and demand.

Resolved, That the same action be taken with the articles controlled by the steel trust, which, by the fostering protection of a Republican tariff, is enabled to pay a dividend of 200 per cent annually, said enormous profits coming out of the pockets of the consumers.

Resolved, That William Randolph Hearst, in securing the necessary evidence of the unlawful acts of the Coal Trust, and forcing Congress to act upon the same, is entitled to the thanks of the people of the United States and the laboring classes throughout the country.

Resolved, That a copy of these resolutions be forwarded to the proper officers of Congress.
