Box 467.

Hells! Dear Bro.

My said ex-cursion I dont know how that  
I can't indulge in pleasure that  
said? Had a long letter from Father  
to day she says she is not very happy  
but there are other things she is.

Went to a dance last night and didnt  
get home until two half morning had a  
great time - got up at 7:30 AM 5 days  
ago. Well I dont know what to say for the  
moment of the subject of the letter.
