SALT LAKE CITY, Sunday.

Dear Chas:—

Just told Ethel I was going to get a divorce for she said she wrote four pages to you.

I said I was going to write to you today and when I wrote she had her letter ready and so I guess she told you most of the news.

Chas, old man, you are surely thoughtful and I still find rice as a result of your hook a week ago.

We do not know how long we will be here but think we will go to Denver this week and was soon so we know where we will be we will have Marguerite send your beautiful present and I am sure you will always
