Mr. Chas. M. Sparks

Carson City Nevada.

Dear Brother Charles:-

Why the dickens - dont you write once in a while. I have been expecting to hear from you for - about six months now so I thought I would try & stir you up a little. What is so engrossing in Carson that you forget every body? am still at the same old graft. Working as hard - as usual & still batching. am really learning how to cook a little. Have just one man with me now & he is a pretty good fellow. Everything is quiet here now. has been stormy last few days. lots of wind & rain. Havent seen any body lately to hear any news. Bertha Knemeyer was up home a short time ago visiting for a few days. Have you heard from Chas Bull lately

Have not had a letter from
him in several months now. He
owes me a letter. I imagine
he will be coming back before
long now so - don't know whether
to write him again or not.
I hear Bonnie is to be in
Elko soon or may be there
now for all I know. Will sure
try & see him when he comes
there. Lots of people around here
are feeding all their cattle
now. Don't expect we will have to
start feeding for a month yet
anyway, our beef are gaining in
the field yet. Prairie chickens
rabbits, coyotes, & ducks are pretty
plentiful around here. Better
come out and spend the winter
Well old woman write when you
have nothing better to do -

Adios

Frationally
