Dear Char:-

Had a letter from Ethel saying she saw you in Spueke.

She also said something had gone wrong on Lamoth. I have not heard. Nothing so let me know what is doing.

I expect to go out on the range in a day or so but will try to be here when Nicholas will get here about 4th so let me hear from you all you can. I have studied the question of using power for pumping water and reclaim land and think I can make it stick. If you are sure I print etc.

Will Char let me hear from you when you get the time & I will promise to write you. I have not heard any news since I last wrote and will write as soon

as I do.

I see by the paper that Nevada
is doing great this year in
football!

Well good bye for now as I
am half stamped.

Your pal,
B. G. M. C. B.
