Mr. Charles Sparks,

Maricopa, Cal.

My dear Charley:-

Your letter of February 21st was at one and the same time so much like your father as well as yourself, that I have found unbounded pleasure in reading and rereading it many times.

It seems fated for me to be partial to any one with a drop of Sparks blood in his veins. It has always been my destiny to make friends and keep them forever, and I hope that there shall never be any exception in the case of your family. For all these and many other reasons I rejoice at your good fortune in your present associations and the great opportunities that must be opening out before you.

You refer to Mr. J.F.P.Fogg and U.S.G.Todd. I wish you would let me know the next time you chance to write, whether Mr. Fogg was an attorney while here, and what Mr. Todd did. The names are familiar, though the initials are confusing. I knew an attorney here by the name of Fogg, though I think that his initials were somewhat different.

I read between the lines what you say in regard to our dear old friend. I saw him in 'Frisco late in last January, and was there convinced that you were right in your statements. He is the best fellow in the world when he is all right, and rather otherwise when his grain is crossed. You may recall a little incident in my office at one time. It is hard to forget such matters, and yet I presume we should.

I am in a hurry this evening, and so shall not write at great length. Any way, I think the main facts of your letter have been covered. But I do want to impose upon you the promise to write me a good long letter as soon as you have determined on your prospecting trip, or when other arrangements have been made as to your future. You need not be told that I am always glad to hear from you.

Mrs. Aston desires to be remembered to you very kindly, and I join in sending a bunch of my very best to my friend.

Yours sincerely as ever,

A/S
