

After 5 days, return to
ELKO LUMBER COMPANY,
ELKO, NEVADA.

Mr. C. M. Sparks,

Reno,

Nevada.

Elko, Nevada May 31, 1911.

Dear Chas:-

Enclosed you will find some pictures that are to go with the notes. I have not had a letter from Prof. Scrugham yet but will try to see what can be done here as soon as I get his and Mr. Broilis' letter.

Since Mr. Wingfield is anxious to get hold of Lamoille I think it would be wise to see him before we make any definite plans as he might want to go into it deeper than we expect and if he does he would not want to have it incorporated until he had figured on it a little. He may have a different plan of action and I think if you will see Prof. Scrugham first it would be wise also as you can ask him if he will explain all about it to Mr. Wingfield if he would like to have or would ask to have him do so. Prof. Scrugham could put up the proposition much better than you or I could and Mr. Wingfield would sit up and take notice of what he said while he might not take much stock in what you or I would say or write.

I have to go out for the Eureka Livestock Co and run a line around 50,800 acres of sheep range and that will take me some time but I will not go before the first of the week and if I could hear from you before I will get started on the other plan if that one fails.

Must close for this time and I hope we will be able to interest him in the plant.

Good luck to you,

Bgm.
