Chas. N. Sparks Esq.
Maricopa Cal.

Dear Sir & Friend

After several days delay
since I arrived here, I take the pleasure
of writing you a few lines, hoping
that you are enjoying excellent health
and etc; it has been a constant rain
here since I came home and I have
not enjoyed it like I did the balmy
breezes of Maricopa. I hope you got
Paul Hunt safe home from Bakersfield
because I was afraid he would fall

a victim to the wiles, and snares, of the common enemy, I was also in doubt as to the safety of Bill Peckham should he be allowed to roam at large in Bakersfield, but I guess he came out alright.

I spent a few minutes with Mr Jack Davis here last week he is O.K. he said George Wingfield was sick here in the hospital, and that he was in attendance on him, that took considerable of his time, but in a few days you would hear from him.

The approval of the U.S. Senate of

Young Riders of the old school. Hoping
to hear from you at an early date I remain
Sincerely yours.
