Mr Chas Sparks,

Fellows, Cal.

Dear Charlie:— No doubt you will be surprised to receive a letter from me but I have often heard of you through Jack. He left here this morning, and asked me to write you in regard to his trunk. It did not reach here before he left. He gave me an order to get it. Should it arrive in the near future. He thought if you would send me the receipt you got for it. I might have no trouble in getting it from Wells Fargo, or if you haven't as yet sent the trunk you might now send it to me. I will take care of it until he returns. He said he would write you

very soon. I hope this letter reaches you before you leave Fellows, as Jack said you intended leaving there soon. I miss him terribly though he has only been away since morning. His visits here are never of any benefit to him. This is a fine place to live but when one says that they say it all for as a business town it is N. Y.

When you have time drop me a line. I shall be glad to hear from you any time and to know how you are getting along. With very best regards I am

Yours

Ethel
