TECOMA

Reno, Nev.

June. 13. 1902.

Mr. Jno. Sparks.

Dear Father:

I am sorry I didn't get to see you before went away, but Maud said you were feeling better. Be careful that you dont catch more cold there, for Tecoma seems to be haunted in my mind.

Hebe and I came home yesterday. We got 16 lbs of fish.

I am ~~doing~~ to the mine to day and will go home tomorrow morning.

The mill is running fine and no dust in the building ~~at~~ whatever. They are fixing a kind of dust chute to catch the dust that escapes on top of the mill.

They broke through the top of the big chute to day that runs from the hundred foot level up to the big stope. It will be completed in two days.

Sober ^{and} Murphy left here to day and will leave for Truckee tomorrow.

It is getting quite late
so I will stop for tonight

Your son,

Chas. M. Sparks.
