Sunshine

May also be utilized as zero-lines in  
allowing for uneven running of pens

N, NE, E, SE, S, SW, W, NW  
successively

2.5 mm = 1 hour

each pen rises as it comes into action

Copy of  
Specimen Record from  
Mt. Rose Meteorograph a few days  
before shipment.

The pressure temperature and humidity lines  
are actual records - velocities and directions of  
wind are lines ~~and~~ drawn by hand to show  
method of reading.
