

SOUTHERN PACIFIC COMPANY.

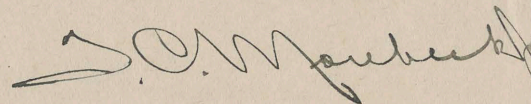

OFFICE OF AGENT.

Summit, Donner P/O, Cal, June 6 th, 1908-

Mr. Church:-

In reply to your favor 3 rd: On account of the ~~un~~settled weather in the past few days, I have neglected to advise you regarding the condition of the snow, expecting a new fall, since the storm is over, I think you will find it safe to figure on the snow on the meadows now. The wagon road is entirely clear, considerable snow on the mountain side, South side of Lake Van Norden. and the Lake territory is entirely clear. Probably the conditions are such as you would be pleased to meet with.

Yours truly,

Agent.
