

Snow at Point

In Jan'y records show that  
raised river, snow was  
3 1/2 feet on level  
at camp.

Will Elkins borrowed  
ski and skid to ranch  
from Ricetter's but  
was able to lead horses.

~~Possibly 3 1/2 feet deep~~

The snow, however,  
was nearly fallen.

Mass 10 inches of snow =  
1 in. water 2.
