Dear Friend :-

I phoned your home
and learned your address was
Fahoe City.

Have you heard anything
latly concerning our money?
It seems to me we should have
some word at least by this time.
You know I would not
be so impatient but I do need
the money. Now I borrowed
money. Promised to pay it

on or before the 31st day of
July. If I do not get some
word from you I will have to
try and borrow from some
one else.

I wish you would do
everything in your power
to rush this along.

You see I lost a lot of
time at the shop to help you
out. Preston told me you
wanted me to wait a little
while for my money. At
that time I was able to wait
but now I have waited.
