To Summit - Weather Jan, Feb, Mar, Apr @ \$5 = \$20.⁰⁰

Since most of the precip. above 7000 ft during April was in the form of snow and the ~~prevail~~ ~~temp~~ was slightly below normal, the run-off ~~being~~ has been approx. that indic. by the snow cover. ~~Below 7000 ft. Precip.~~

The falling of rain upon dry soil unless continuous or torrential would have only minor effect in accelerating the rate
