

January 6, 1923.

Summit Hotel,  
Summit, California.

Dear Sir:

The bill for Mr. Mather and Mr. Kilmartin arrived promptly but has been held awaiting my opportunity to write. I thank you very much for allowing them to run this bill.

Owing to our very slender funds and to the public nature of the snow survey work, I am wondering whether you could find it possible to grant us reductions from your rates similar possibly to those granted the railroad and telephone men. Our men will be very glad to sleep two in one bed and accept any other economies imposed upon railroad men. We are planning to come to Summit once a month while the snow cover is on the ground. We shall remit promptly upon receipt of your answer.

Very sincerely,
