INTERESTING GAME PLAYED

Much Enthusiasm Was Exhibited in First Basketball Contest.

The first of the series of basketball games between teams picked from the Senior-Sophomore classes and the Junior-Freshmen classes was played Friday afternoon and was won by the Senior-Sophomore team by a score of 6 to 4. Considering the short time the squad has been practicing, the game was remarkably well played.

The Junior-Freshmen girls started off with a rush, scoring a field goal very soon after the commencement of play, but the Senior-Sophomore aggregation by clever work soon evened up the score and at the end of the half were two ahead. During the second half, Miss Cooke scored a field goal for the Senior and Sophomores, and Miss Bryant threw two goals from fouls for the opposing team.

It was the first opportunity the fellows have had of watching the girls in action, this year, and all expressed their surprise and satisfaction at the fine showing made so early in the season. There are a large number of new girls out and it is certain that the old girls will have to hustle if they would hold their positions. We cannot refrain, in speaking of the new players, from mentioning the work of Miss Folsom. Pitted against Captain Cooke, she was in rather a trying position for a new player, but notwithstanding, her work was a revelation. Miss Bryant is being tried out this year at goal, and if her work in Friday's game is to be taken as a criterion she will make a sharp bid for the position. We are pleased to note the reappearance, after a year's absence, of Miss Hand, Varsity goal in her Freshman and Sophomore years. A. H. Steckle '05 acted as Umpire, and W. A. Pearson '05 as time-keeper. The following was the lineup: Seniors-Sophomores. Guards, Wise, Brannin, Peck. Center, Mitchell. Side Centers, O. Souchereau, Todd. Goals, Cooke, E. Souchereau, Hand. Juniors-Freshmen. Guards, Folsom, Mack, Hunewill. Center, McMullin. Side Centers, Wightman, Brown. Goals, Bryant, Ross, Kane.

WILL OPPOSE INNOVATION

Views of Students Expressed at General Assembly Friday.

Owing to the fact that the faculty were unable to secure a person to deliver the address at General Assembly last Friday, they decided to have the students discuss the uniform question. In the absence of the president and vice-president, Miss Lucy Brannin, the secretary of the student body presided at the meeting. Dean Thurtell was the only member of the faculty present and answered all the inquiries regarding the system. He stated that the majority of the faculty were opposed to the change.

Dean Thurtell stated that it would be impracticable to have the cadet battalion become a part of the state militia. He said that the three uniforms desired under the new system could be purchased from the war department for \$2 and that there was a respect in being well dressed which could be brought about by wearing the uniforms continually.

Mr. Brambila asked if it would be necessary to wear the uniform continually, and received an affirmative reply. He told how it was impossible to secure a good fit in the army unless the garments were made by a tailor. Mr. Scott gave several reasons why the battalion could not become a part of the state militia. Mr. Case thought that the system was too rigorous and that students should change their clothes when they see fit.

Major C. C. Smith told how the University was confronted with the problem of open gambling, and how an Arizona man had been amazed by conditions here. He said that no intoxicating liquors were sold in Berkeley, and mentioned the contaminating influences that were placed in our midst. By forcing students to wear their uniforms, they could be kept out of such dens of vice.

Mr. Brambila proposed that the prep department be made a military institution, and asked if the change would benefit the Univer-

FRESHMEN DEFEATED

Westall's Pitching, Prominent Feature of Game, Lacked Support

The base ball game between the Freshman and Sophomore classes took place yesterday afternoon, and was fiercely contested. The final score was 4 to 3 in favor of the Sophomores, and the result was in doubt until the last inning had been played.

In the earlier part of the game the Freshman had a slight advantage, and ran in three scores before the Sophomores realized what had happened. For several innings no scores were made on either side, and the Freshman believed that they had the game well in hand. Their hopes were shattered, however, for in the seventh inning the Sophomores managed to secure three runs and tie the score. Another score was made in the eighth inning, which gave the Sophomores a lead of one. No tallies were recorded in the ninth inning, so the Freshman were compelled to submit to their third successive defeat.

A larger crowd than usually attends class games was present, and much enthusiasm was exhibited by the rival classes. Very few errors were made during the game, and it was the general opinion of all that yesterday's contest was the best that they had ever witnessed on the University campus.

"Bolly" Frazer of Reno a member of the famous Overland team inspired the game and his decisions were satisfactory to all concerned.

The particular feature of the game was Westall's pitching and if he had received proper support the final result would have been different. He had no difficulty in naming the best men on the opposing side, and nearly all the runs recorded against him were due to errors made by his class mates.

By defeating the Freshman, the Sophomores are placed in line for the pennant. They have disposed of their most dangerous rival, and should win the baseball pennant for the second time unless unforeseen consequences occur.

sity or if the innovation would keep students away from our college.

Dean Thurtell suggested that the students write home to their parents and secure their opinions on the uniform question. He said that their views on this important question would have much weight with the members of the faculty.

DESCRIPTION OF LABORATORIES

Bill for the Building Now Before the Legislature

The Description of the proposed Assaying, Mining and Metallurgical Laboratories, the bill for which, is to be presented before the present legislature in a few days, is as follows.

The building is to be arranged as an east wing to the present mining building. It is to be a single story brick, 98x38 ft. outside dimensions, and to be placed with the longer axis east and west. The addition joins the present building on the east side at the angle formed by the north wing.

The Assaying Laboratory is to occupy the west end of the new wing. The floor space is divided up as follows:

Furnace Room, 32x25 ft. -9 in.
Weighing room, 12ft.-2in.x12ft.
Parting room, 13 ft.-10 in.x12ft.
Pulp room, 14 ft. -4 in.x10 ft.
Store room, 13 ft. -8 in.x10 ft.
Locker room, 16x13ft. -7½ in.

The furnace room is to be provided with a cement floor. Provision for ample light and ventilation has been made. The finish will be plain and servicable.

The proposed equipment of the assaying laboratory will be complete. It will include some of the present equipment.

Metallurgical Laboratory:-- This laboratory is to occupy the east end of the wing and to have a ground floor area of 51x36 ft. A cement floor is provided. The equipment is to serve two purposes; first, the illustration and study of metallurgical principals and methods of ore treatment; second, the testing of ores on a commercial scale by two or more methods in common use.

To satisfy the second purpose, a dry crushing mill will be included in the equipment. The crushing capacity of this arrangement approximates 1000 lbs. per hour and will enable ore to be crushed to any desired size between an inch or more maximum to 30 or 40 inches as a maximum.

If the bill is passed the Laboratory will be ready for use next September.

An Unfounded Rumor

The Nevada State Journal is not always authentic. Thursday morning it made the startling announcement that two students of the University had been suspended for too frequent visits to the city and that in a few days thirty more would be dismissed for the same cause.

An inquiry of the faculty committee on student affairs showed that the article was not true. One student had been suspended recently, but at that time no other case had been before the committee. As a result of the article telephone bells were ringing on the campus Friday, and many anxious inquiries were sent to the University. On account of this many people will be saying: "Another outbreak of students at the University," and even though the report he subsequently denied an unfavorable impression concerning University affairs will remain. Many exchanges of the Journal in various sections of the country will copy the article.

It has been the habit of some students to drop into the Journal office occasionally, and relate the college news. This has often been a benefit to the University. Announcements of athletic contests and other University affairs have always received due consideration. But sometimes some silly son of the soil, a student in our midst carries to the paper an unauthentic news item. Such, perhaps, was the origin of the wholesale suspension report.

In speaking of the Journal we wish to point out that its attitude toward the University has always been friendly. Several students

are employed on the paper during the present year, and they have never had occasion to complain of the treatment they received, or of the salary that was paid them. The Sparks department has been in charge of three different students at a lucrative salary.

Several students are employed as apprentices in the mechanical department and are making their way through school. The Independent Association is indebted to the Journal for several favors.

The fault for this unfounded, sensational report lies with the student who made it. The remedy for such faults lies with the Journal

T. H. P. O. WILL
GIVE ANNUAL BALL

On the evening of February 21st
 the T. H. P. O. fraternity will per-
 petuate the customs of the frat, and
 give the seventh annual ball in the
 University gymnasium. The great
 social event will be strictly invita-
 tional, and is one that is looked
 forward to by all the alumni mem-
 bers, and other friends of the or-
 der, fortunate enough to receive a
 bid, with feelings of intense pleas-
 ure.

It is expected that over one hun-
 dred and fifty young people of the
 college will grace the large dance
 hall on the occasion, and this num-
 ber may be swelled to over two
 hundred should all of the alumni
 in the state be able to attend. Last
 year alumni members from all over
 the state of Nevada and even Cali-
 fornia gathered at Reno and par-
 ticipated in the most enjoyable
 socialistic event ever given in the
 University.

At a recent meeting of the fra-
 ternity all committees were ap-
 pointed, and other business relative
 to the successful preparation of the
 affair was attended to.

It has seemed good to the people
 of this nation to set apart certain
 days for special observance. While
 the purpose of all these days is
 educational, there are two which
 by reason of their character appeal
 particularly to schools, Washing-
 ton's Birthday and Arbor Day.
 The lessons of courage and patrio-
 tism taught by the life and deeds
 of Washington are lessons that
 must be learned anew by each
 generation if our experiment
 with government "of the people, by
 the people, and for the people" is
 to be successful. While the value
 of the idea for which Arbor Day
 stands may not be quite so evi-
 dent, it is true, nevertheless, that
 the beautification of the world by
 the planting of trees is well worth
 the time. Particularly is this true
 here at the University, our mag-
 nificent situation wanting only the
 glory of trees to make it a "thing
 of beauty and a joy forever."
 In order to observe these days
 most effectively, plans should be
 made now. Let the Student Body
 take the initiative.

Miss Laura Orr 02 and Roy T. Roads 01 will be married next Wednesday evening. Both are among the most prominent of the University alumni. Mr. Richards is a graduate of the mining department. He is a member of the Sigma Alpha fraternity. While at the University he had the record for the pole vault. The bride to be is a member of the Theta Epsilon Sorority. She was among the most popular of her set.

A letter has been received by the editors of the Student Record entitled Strikes by the knocker. The writer complains of many things in connection with the University. Because of the late receipt of the letter we were unable to give it space in this issue, but it will probably appear next week.

Captain Charles T. Boyd returned this morning from Washington where he has been making a report on his observations in the Far East. Captain Boyd's mother accompanied him from Washington. He will resume his position as military instructor at the University immediately.

The regular meeting of the Crescent Club was held, Friday evening, February 3rd. Professor L. W. Cushman was present, and criticized the debate team's lifeboat arguments. He gave the members an interesting lecture on the good of the club and encouraged them in their good work. A pleasant evening was spent.

Several of the Varsity people are on the sick list. C. L. Smith 05 and Nellie Cazier 06 are in the hospital. Miss Norwood is also indisposed and was unable to attend the basketball game Friday. Prof. Wilson, Miss Bertha Knemeyer 06 and Miss Isabel Miller 08 are convalescents.

J. E. Stubbs after returning from the funeral of Regent Booher's mother, he accompanied his brother to San Francisco, where he will enjoy a few days. Doctor Stubbs will return on Wednesday to the University.
