NEW MOVE UNDERTAKEN

Members Of Faculty to be Called Upon For Delinquent Dues

At a meeting of the executive committee Friday afternoon, many matters relative to the defunct athletic association treasury were taken up and disposed of. Three methods of raising money were under discussion, that of an extra assessment to be levied on the members of the athletic association; that by giving a masquerade ball in the gymnasium, with the advice and sanction of the President; and that, by collecting the delinquent dues of the faculty members of the association.

To the executive committee the latter appears to be the most desirable means of raising money. They argue that an extra assessment at this time will be met with opposition by the Athletic Association. The method of raising funds by giving a new and pleasing stunt in the shape of a masquerade ball meets with favor. The desirability of the third means lies in the fact that money actually due the association should be paid.

According to Section II of the Constitution, "All registered students and all members of the faculty shall be members of the Athletic Association," and to amendment XIV, "The members of the faculty shall pay this athletic fee to the registrar at the beginning of each semester." Whether this amendment was ever sanctioned by the faculty can not be learned, but a glance over the registrar's records shows it to be another dent in the badly battered constitution.

The faculty through its committee on athletics have taken a prominent part in the management of A. A. affairs and the executive committee argue that the sum of eight dollars is due from each member of the faculty.

Notice Gray Reid Wright Co.'s new ad. It gives the students a chance to pick their new spring suits of the latest style and colors.

FIRST BASKET BALL GAME

In Uneven Game Varsity Defeats Reno High School Friday

The match game of basketball between the University and the Reno High School, Friday afternoon resulted in a victory for the Varsity, by a score of 20 to 6. The one-sided score does not indicate a very interesting contest. Notwithstanding, however, it was a good game from a spectator's point of view. The girls from the high school being considerably smaller than their adversaries had a certain advantage on the smooth floor of the gymnasium. Miss Brannin of the varsity team played a remarkably fine game. Miss Folsom at side center did some clever work. Her place on the team heretofore has been at guard and her work of yesterday proves her a very versatile player. The Misses Nadon and Stoddard, the former guard, the latter forward, put up the best game for the high school.

The University lineup contains several who will make the varsity team. There are a few positions left open and Friday's game was somewhat in the nature of tryout for these positions.

The basketball manager has three games in view, with San Jose, Mills and the University of California. San Jose wants to play before the fifteenth of March. It will be necessary in the event of a trip being made for both Mills and San Jose to share equally the expenses of the Nevada team.

The date with Mills will be arranged as near the time of the San Jose game as possible. The following was the way the teams lined up in Friday's game:

UNIVERSITY	CENTER	HIGH SCHOOL
Mitchell		Highley
Brannin	} GUARDS {	Nadon
Hüniwell		Rosenthay
E. Folsom		Röss
E. Soucerea	} SIDE {	E. Folsom
Peck		Thompson
O. Soucerea	} GOALS {	Stoddard
Cooke		Robinson
Hand		Fulton

FINE LECTURE AT ASSEMBLY

George S. Nickerson Addresses Students On Crater Lake

George S. Nickerson, a civil engineer, delivered a very interesting lecture in General Assembly last Friday on the "Crater Lake of Southern Oregon." He narrated its geological formation, and told how only a few people were acquainted with its scenic beauty and beautiful surroundings. This wonderful lake is located 60 miles north of the Oregon and California boundary line, and the speaker related the wonderful opportunities offered to campers in the vicinity of the lake.

Mr. Nickerson informed his hearers in regard to the history of this piece of nature's handiwork. In 1886 the U. S. G. S. made a thorough examination of this lake, and found that its depth was 2,000 feet which is not exceeded by any fresh water lake in the United States with the exception of Lake Tahoe. He told how it had been made a National park through the efforts of President McKinley. The fact that it also an attractive field for geological research was pointed out.

The peculiar characteristics of the Klamath Indians who live near the border of the lake were thoroughly discussed. Mr. Nickerson said that they had a language composed of 40,000 words, and that stories regarding the creation of man and the flood had been handed down from traditional time among the people of their own tribe. Joaquin Miller, the poet of the Sierras, took occasion to visit this beautiful scenery and the speaker told about an interesting conference that the old poet had with a young Eastern tourist, who was not pleased with Crater Lake because there were no falls in that locality. In closing his address Mr. Nickerson advised all who had an opportunity to visit this scenic beauty.

H. Fraley is offering an entirely new stock of goods to his customers at greatly reduced rates.

VARSITY LOSES FIRST GAME

Show Winning Form During First Part of Game

In the baseball game yesterday between the varsity and Overland teams, the latter won by a score of 12 to 6. This was the first game of the season and consequently was rather full of errors, but notwithstanding this fact it was a very interesting game from start to finish.

All the scoring during the early part of the game was done by the Varsity bunch. They played well together and this combined with Westall's superb pitching held the Overlands safe for five innings. At this point, however, Westall apparently weakened and in the last four innings the visitors pounced his delivery for enough safe ones to net them 12 runs and the game.

Umpire Wilcox came in for a good deal of roasting because of his decisions and finally surrendered the indicator in disgust. His successor while undoubtedly honest seemed lacking somewhat in judgement. No especial features marked the progress of the game, neither were there any errors so rank as to deserve criticism.

The game clearly demonstrated that what the Varsity team is most in need of, is batting practice. On a number of occasions they had men on bases, with no one out, only to have the succeeding batsmen fan the atmosphere in a vain endeavor to connect with the horsehide. This department of the game should receive immediate and earnest attention if our efforts on the diamond this season, are to be crowned with success. The lineup follows.

Varsity	Overlands
Westall P	Mihills
Hart J. C	Frazer
Freeman 1B	Everett
Spencer 2B	Moor
Bonnifield 3B	Thompson
Sawyer SS	Cameron
Hart C. LF	Friezell
O'Brien CF	Hansen
Boyle RF	Smith
Umpire, Wilcox.

Thursday February 23 1905.

Editor Today John S. Case

Feeling the need of assistance in carrying on the work of the Student Record, we have added to our staff the name of J. P. Arnot '08. Mr Arnot has shown considerable journalistic ability.

The men's basketball team under the leadership of W. J. O'Brien will try conclusions with the varsity team some day next week. The necessity of a good fast practice game is felt by the members of the basketball squad, because of the near approach of the big games.

Miss Alwine Sielaff entertained the young ladies of the Junior class at her home on Maple St; Friday evening; Card games and other forms of amusement were indulged in and served to while away the evening hours in a pleasing manner. Refreshments of an appealing nature were served at the close of the evening.

The following are the programs for the subsequent meetings of the English Club: March 2, 1905.

**Our New Spring
Clothing Is Here**

For men and young men the fabrics are
just beautiful in fine soft worsteds in very
quiet, neat effects. The large checks and
broad stripes will not be the predomi-
nating feature in fine clothing this season.

The tailoring still continues to improve. For the two or three
seasons it was considered to be as neatly perfect as it was possi-
ble to have ready made clothing, but they still improve the
finish in all the little details that you will find that ready made
clothing today excels many merchant tailors who make to or-
der, and equal the finest merchant tailoring.

We have some specially strong lines in fine clothing at \$15.00,
17.50 and 20.00, and some very choice high grade, tailored
men's suits at 22.50, 25.00 and 27.50. If you are going to the
mine, allow us to fit you out with one of those fine corduroy
suits made by Sweet and Ore at \$10.00.

VARSIITY CAPTAIN WAS SELECTED

A meeting of the baseball men, selected by Manager Spellier as being eligible for the college team for the purpose of choosing a Captain for the ensuing season was held last Thursday. Chester A. Hart and A. H. Westall were nominated for the position, and C. A. Hart was elected on the first ballot, the vote standing Hart, 8; Westall 5.

The new captain has proven that that he is entitled to his position by his playing on the University and class ball teams last year. From the list of men that he can select his team, there is no doubt but that Nevada will have the most successful season in her history. Arrangement will be made for game with Stanford, Windemucca, and the Carson Indians, so those who make the team will be amply repaid for their efforts.

JUNIORS SPEND DAY AT STEAMBOAT

The Juniors in the Science department left for Steamboat Springs yesterday in company with Professor J. A. Reid for the purpose of examining the geological formation of that vicinity. The trip was originally planned for last Saturday, but it was postponed for various reasons. The members of the class used a bus as a means of traveling, and reached the Springs an hour after their departure. The whole country was thoroughly explored, and a large number of specimens were secured. On account of the interesting data they obtained, the Juniors feel that the day was well spent, and that the hardships undergone were more than equalled by the vast benefits to be derived from the excursion.

Communication From Member of Faculty Regarding Athletic Conditions

Editor Student Record:

To one who must perforce remain an onlooker at all student activities, there is now an important question presenting itself. A word in time, straight from the shoulder, may be of some value. The writer, who sincerely wishes he were able to take an active part in college athletics, hopes the following lines may prove a stimulus.

It appears, from recent student articles, that college track athletics are languishing because of scarcity of funds. There is no doubt about the lack of interest in track work, at least. Such a condition of affairs should not be tolerated for an instant, and in this spring term at least twenty-five men should be out regularly on the track; fifty would be better. It is a schoolboys excuse to plead lack of money, for a liberal dose of real college spirit would work wonders and put Nevada in fair condition to have a good track team. To be frank, there is a woe-

ful lack of real college spirit here in this University, and it is high time some of the student leaders show what stuff is in them. If the boys in college will, for the love of their college, consent to do old cots and put in a good days work repairing the track and inclosing the field, and then encourage one another to do something for their University, a college spirit to be proud of will be generated and grow lustily. Such a spirit can come only by a united action towards one end: betterment of Alma Mater. Individual wishes or selfishness, must be put aside for the larger thoughts and ideals.

There is at present interest shown only in football, for various and well drawn reasons, the chief one being, to all appearances, the favorable chances for winning from other institutions. We all love to be victors, and rightly so, yet we in America, have carried this so far that to be a loser is little less than a disgrace. We have lost sight of the truth that we should enter athletics because we thereby become better men. Every branch of college athletics should be well represented here; it is a sad reflection on us, speaking as a student, that we will play only when we think we can win, or can take a trip. We must strive to win truly but we must also work with greater ends in view, for the good which will accrue to us through our participation in athletics for their own sake. It is the realization of this

fact which makes our college so dear to us in after life, and our school days so much more precious to us. And if a love for college be grown by interest in all forms of student life, even the studies, let us have a real awakening among all students and a desire generated to have our University excel in all things, not for the mere wish to distance competitors, but also because of love for the best for its own sake.
